Survey

The Fund Office often receives complaints regarding speeding throughout the subdivision especially in high traffic areas. As such, the board of trustees is surveying residents to determine how many are interested in signing a petition requesting Harris County Commissioners Court to declare a lower speed limit below 30 mph, but not less than 20 mph, within Lakewood Forest subdivision. If approved, Harris County Precinct 4 indicated the speed limit would be lowered on all streets within the residential area, and it would be determined by their road engineer if it would be possible to lower the speed limit to 20 mph on the main thoroughfares such as Cypresswood upon approval of the petition. Please indicate your desire by responding to the question below.

Question for survey purposes only; this is not an official vote
