

# SENSORY OR SOCIAL SKILLS

**SIGN UP TODAY!**

## GROUPS

### **School Age Social Skills Group:**

Do you have a school age child that avoids eye contact, or misreads other people's facial expressions? Does your child have trouble staying on topic, interrupting repeatedly, or struggles with asking questions?

*Speech Therapists will address social behavior skills:*

- Understanding Body Language
- Turn-Taking
- Parts of Conversation
- Age-Appropriate Social Skills

### **Toddler/Pre-K Social Skills / Language Group:**

Does your child have difficulty playing and sharing with others? Does your child have difficulty following simple instructions, or playing social games, like peek-a-boo? Is your child having frustrations and inappropriate behaviors because of difficulties communicating?

*Speech Therapists will address social play and early language skills:*

- Turn-Taking
- Identifying Basic Emotions
- Manners and Sharing
- Imitating Sounds and Words
- Interacting with Peers

### **Sensory Play Group:**

Are community outings limited due to your child's behavior? Does your child demonstrate risky or impulsive behaviors? Does your child resist activities such as playing in sand, water, finger painting? Does your child need all tags removed or will only wear certain clothing?

*Occupational Therapy Team will address issues concerning:*

- Sensory Play
- Safety Awareness
- Ease Transitions in Community Settings
