RE: Trip to Oakland

Dear Guardians From Above:

We care for a foster baby who has been extremely sick. When he needed to see a Doctor at the Children's Hospital in Oakland, I prayed that God would help us find an easier way to travel than a 14 hour drive. There you were waiting to assist us. Thank you for flying us to Oakland. The baby fared very well in the plane, thanks to your experienced pilot, Dan. The visit was very beneficial for his continued recovery. We had a perfect voyage and enjoyed it thoroughly. I appreciate all you did to accommodate our need. May heaven continue to bless you as you have blessed us.

Thank you once again,

Nelda Handke
