5.3.4 Any and all rights of the District to the Recreation Area.

5.3.5 Notwithstanding any other provision of this Declaration, the Board of Directors may enter into agreements to rent or sell to an Owner the exclusive right to use a space in the boat yard or to transfer the right to use such spaces on such other terms as the Board may determine to be necessary and appropriate. However, no less than forty-five (45) boat storage spaces shall always remain available for lease. At such time as only forty-five (45) spaces remain, no further

sales of spaces may be made by the Board unless and until additional space becomes available. No space in the boat yard may be used by any person other than an Owner or an approved tenant, and any such right to use a space in the boat yard shall terminate automatically upon the expiration of an approved tenant's lease or the transfer of title to the Unit by the Owner. In the event a space in the Boat storage yard is rented or sold, the purchaser must be an owner and the renter must be either an Owner or approved tenant of an Owner. Maintenance fees may be charged pursuant to a schedule developed by the Board of Directors, but may not exceed his or her pro-rata share and shall be calculated by taking the total cost of maintaining the Boat storage yard and dividing said cost by the number of available storage spaces.

5.3.6 As regards the boat storage facility, the Board shall afford priority in requests for boat storage spaces to Owners who reside in their Units for all or a portion of the year, with second priority treatment going to tenants occupying Units under approved leases, and the third priority going to absentee Owners who do not reside in their Units. The assignment of boat storage spaces will be conditioned upon the execution of such lease, assignment and/or license agreements as the Board of Directors may determine necessary and appropriate and upon payment of such fees as the Board may set forth the right to use a boat storage space and boat ramp, which fees may not exceed the cost of maintenance, repair and other operational expenses related to the boat yard.

5.3.7 The use of the boat yard shall be subject to such terms and conditions as the Board determines to be appropriate.

5.3.7.1 Application for Boat Storage. All applicants must provide the Board of Directors a copy of their current boat title, boat registration, trailer registration, and such other documents as the Board may reasonably require, along with a completed application form and / or Boat Storage Agreement and any applicable fees or deposits. The Board may require that this information be re-submitted from time to time, but not less than once per year, to ensure that the boat title and all registrations remain current. Applicants will be considered on a first come, first served basis, within the various categories outlined in Article 5.3.6 of this Declaration.

5.3.7.2 Term. A Boat Storage Agreement ("Agreement") shall be perpetual unless terminated as provided herein.

Shorter use periods may be granted upon request and approval of the Board of Directors.

5.3.7.3

Re-assignment of space. The Board of Directors, in its sole and absolute discretion, may re-assign a space as it deems appropriate from time to time. In addition, boats and trailers may have to be temporarily removed, from the Boat Storage facility for the purpose of repairing or resurfacing the Boat Storage Facility. Notification of such repairs will be provided at least ten (10) days in advance of such work. The Association is not obligated to provide an alternate storage space while such work is being performed. Boats, trailers, and other personal property not removed and which interfere with such work may be towed and /or removed. The cost of towing and storage of such boats, trailers and personal belonging is the responsibility of the person who is leasing the storage space. The Unit Owner shall indemnify and hold the Association harmless as provided in Paragraph 5.3.7.4(x) below.

5.3.7.4

Termination. A Boat Storage Agreement may be terminated by a vote of the Board of Directors of the Association. Such reasons may include but are not limited to:

i. the person leasing storage space is more than thirty (30) days delinquent in the payment of the boat storage fee. The Agreement may be terminated even if payment is received after the thirtieth day;

ii. a Unit Owner who is leasing a space or has a tenant leasing a space in the boatyard is delinquent more than thirty (30) days in the payment of any financial obligation to the Association including but not limited to assessments, special assessments, or fines, even if such financial obligations are subsequently paid after the thirtieth day;

iii. a Unit Owner selling his or her unit thereby automatically terminating the Agreement, whether with the Unit Owner or a tenant of the Unit, on the date title to the Unit transfers to the new Owner;

iv. a Unit is foreclosed upon by the Association or a mortgagee, the Agreement, whether with the Unit owner or a tenant of the Unit, terminates on the date that the Certificate of Title is issued;

v. a Unit Owner or tenant leasing a space in the boat storage facility violates any of the provisions of the Rules and Regulations regarding the use of the facility or the docks or any provision of the Agreement; or

vi. if a tenant of a Unit is leasing a storage space and the Unit Owner violates any of the foregoing provisions or loses title to his Unit voluntarily or otherwise, the tenant will lose the right to continue leasing a boat storage space. It shall be the Unit Owner's obligation to notify his tenant of such sale or foreclosure and the termination of his or her tenant's rights under the Agreement. The Unit Owner shall remain responsible and liable which may include reimbursing the tenant for any fee paid or portion thereof, towing and storage expenses, cost for any personal property removed that is discarded or damaged and any key deposit or other deposit which the tenant may have paid to the Association under the Agreement. Neither the tenant nor the Unit Owner shall look to the Association for reimbursement for these sums or other fees, sums or expenses which may be incurred as a result of the termination of the Agreement for any reason and both the Unit Owner and tenant shall hold the Association harmless.

vii. The Unit Owner remains legally and financially responsible to the Association for his or her tenant's failure to remove the boat, trailer other personal property from the assigned space (or other portions of the boat storage area or common areas improperly being used) upon termination.

viii. The foregoing is not meant to be a complete list of reasons for termination. The Board of Directors may, upon proper motion at a Board meeting noticed in accordance with the Bylaws and the Florida Statutes, terminate any Agreement for other causes as the Board may from time to time deem appropriate. Such termination shall be effective upon written notice

sent via certified mail, return receipt requested, to the person(s) leasing the storage space. Such notice shall be sent to the last known address used by the Association for billing purposes and shall constitute written notice of termination even if said certified letter is returned to the Association as unclaimed. All such terminations shall become effective fifteen (15) days after the date the certified termination letter is deposited in the U.S. mail.

ix. All boats, trailers and/or other personal property must be removed by the fifteenth (15th) day after notification has been provided as described in paragraph viii, above. Boats, boat trailers and personal property remaining after the fifteenth (15th) day will be towed or removed in accordance with applicable Florida law and the authority provided by this paragraph without further notification (unless required by law). All personal property will be removed and stored at the Unit owner's expense.

x. The Unit Owner assumes all responsibility and liability for the cost or removal or towing and subsequent storage of boats, trailers and personal property and shall indemnify the Association, its Board of Directors and officers from any resulting liability for damage or destruction of property which may occur, including the removal or towing of the boats, trailers and or other personal property of his tenant who may be leasing a space. Anyone whose Agreement is terminated shall forfeit all fees paid to the Association under the Agreement.

xi. Those terminated may re-apply for boat storage space if they meet the criteria established by the Association, however, their names shall be placed at the bottom of the waiting list.

5.3.7.5

Liability. The Unit Owner or tenant using the storage facility does so with the understanding that the Association is not responsible nor is it liable for any theft, damage or injury to persons or property related to the occupancy and use of the assigned space at the Boat Storage facility or any portion thereof.

REMOVED 5.3.7.6

5.3.8 The Common Area, Recreation Area, or portions of it, as well as the Boat Storage Facility, may be kept locked and the Association may impose deposits and fees in such amounts as the Board of Directors may determine to be appropriate as a prerequisite to the issuance of a key.

5.3.9 The Board of Directors may also adopt reasonable rules and regulations regarding the use of the Common Areas, Recreation Area and the Boat Storage Facility, including, but not limited to, limiting the number of guests which may use the facilities at any one time, a requirement that residents carry identification tags issued by the Association or such other form of identification as the Board determines to be appropriate in order to ensure that the Common Areas, and Recreation Areas are used only by residents of the Riverwalk community and their invited guests. The Board may also impose such deposits and fees as the Board determines to be appropriate in connection with the issuance of identification tags.

5.4 Public Easements: Fire, police, health, sanitation and other public service personnel and vehicles shall have a perpetual, non-exclusive easement for ingress and egress over and across the Common Areas and Recreation Area.

5.5 Delegation of Use: Any Member may delegate his common right to the use and enjoyment of the Common Areas and Recreation Area to the members of his family and to his guests, subject to such general rules and regulations as may be established from time to time by the Association.

5.6 Maintenance of Common Areas and Recreation Area: The Association shall at all times maintain in good repair, and shall replace as often as necessary, any and all improvements situated on the Common Areas and Recreation Area, ~~(as construction is completed by Developer)~~, including, but not limited to, all recreational facilities (docks, boat ramps, etc.), landscaping, sprinkler pipes and systems, paving, drainage structures, walkways, parking facilities, sidewalks, and appurtenances, entrance features and other structures, except public utilities, all such work to be done as ordered by the Board of Directors acting on a majority vote of the Board. All work pursuant to this Paragraph and all expenses hereunder shall be paid for by the Association through assessments imposed in accordance with Article 6 hereof. Such assessments shall be against all Units equally; provided, however, that the cost of any maintenance, repair or replacement caused by negligent conduct of a Member or by the failure of a Member to comply with lawfully adopted Rules and Regulations shall be levied as a special assessment against such Member. No Owner may waive or otherwise escape liability for the assessments for such maintenance by non-use of the Recreation Area or abandonment of his right to use the Recreation Area. The Association, its successors and assigns, shall have a perpetual, non-exclusive

easement for ingress and egress over, upon and across all portions of The Properties and to excavate thereon in connection with the maintenance of sprinkler pipes and systems to the extent necessary for the performance of the work to be performed pursuant to this Paragraph; provided, however, that the party causing any such excavations restores disturbed areas to the condition thereof immediately prior to such excavations. Neither the Association nor any Member shall construct a fuel storage terminal or dispose of any fuel within the Recreation Area. The Association shall not construct a sewage pump out facility within the Recreation Area.

ARTICLE 6

COVENANTS FOR ASSESSMENTS

6.1 Creation of the Lien for Personal Obligation for Assessments: ~~The Developer hereby covenants, and~~ Each Owner of any Unit by acceptance of a deed therefore, whether or not it shall be so expressed in such deed, shall be deemed to covenant and agree to pay to the Association the following: (1) annual general assessments or charges; and (2) special assessments.

All assessments, together with fines, penalties, levies and costs of collection thereof shall be a charge and continuing lien upon the Unit against which such assessments are made. Each such assessment, together with fines, penalties and levies thereon and costs of collection thereof, shall also be the personal obligation of the person who was the Owner of such Unit at the time such assessment fell due. If two or more persons or entities are then the Owner of such Unit, such obligation shall be the joint and several personal obligation of such persons or entities.

6.2 General Assessments: The general assessments levied by the Association shall be used exclusively to promote the recreation, health, safety and welfare of the residents of The Properties and in particular for (a) the improvement, maintenance, administration and operation of the Common Areas to be improved, maintained, administered and/or operated by the Association pursuant to this Declaration; and (b) the performance of the functions, duties, responsibilities and powers of the Association under and pursuant to this Declaration.

Each Unit within The Properties shall be subject to the assessments provided for under this Declaration at an equal rate or upon an equal basis, ~~subject, however, to the following:~~

~~6.2.1 The initial assessment period shall begin with the date of the recordation of this Declaration and end on December 31, 1987 (the "Initial Assessment Period"). The Developer reserves the right to elect to extend the Initial Assessment Period by giving written notice to the Association prior to the expiration of the Initial Assessment Period of the extended expiration date of such period. During the Initial Assessment Period, the Developer shall fund any~~

~~deficit in Association maintenance or contribute such sums to the Common Expenses of the Association in addition to the total monthly Common Expense assessments paid by all other Owners as may be required for the Association to maintain and to administer the Common Areas as provided for in this Declaration. During the Initial Assessment Period, the term "Owner" as used herein with respect to assessments shall exclude the Developer and shall exclude any persons or entities who lease a Unit back to the Developer for use as a model Unit or sales office. After the Initial Assessment Period, the term "Owner" as used herein with respect to assessments shall include the Developer. Except during the Initial Assessment Period, all Units owned or planned to be constructed by the Developer on The Properties shall be assessed on an equal basis with the Units owned by parties other than the Developer.~~

~~6.2.2 During the Initial Assessment Period each Unit owned by the Developer (including but not limited to Units, if any, used as sales models and/or administrative offices) shall not be assessed as provided herein for so long as such Unit is owned by the Developer. Each such Unit shall become subject to assessment upon (a) the sale and conveyance thereof to an Owner other than the Developer; or~~

~~(b) the expiration of the Initial Assessment Period, whichever shall first occur.~~

By vote of a majority of the Directors, the Board shall fix the annual assessments provided for herein upon the basis provided above. Such assessments shall be sufficient to meet the obligations imposed by this Declaration. The Board shall set the date(s) such assessments and any installments thereof shall become due; provided, however, that in no event shall such assessments or any installments thereof be due more frequently than monthly. Upon the failure of any Owner to pay any one or more installments of any such annual assessment within thirty (30) days after the due date thereof, the Board may declare the entire balance of such annual assessment to be immediately due and payable.

6.3 Special Assessments: In addition to the annual assessments authorized above, the Association may at any time and from time to time levy special assessments for the purpose of funding any cash shortages arising from actual expenses incurred in excess of amounts budgeted therefore or for the purpose of defraying, in whole or in part, the cost of any construction, reconstruction, repair or replacement of a capital improvement upon the Common Areas, or any one or more of them, including fixtures, personal property and equipment related thereto. Any assessment for capital improvements upon the Common Areas must be authorized or approved by the Developer so long as the Developer owns at least one (1) Unit located in The Properties

and by more than fifty percent (50%) of the Owners present and voting, in person or by proxy, at a special meeting of the Association duly called for the purpose of considering such assessment.

~~If Uncommitted Property is brought under the provisions hereof by recorded supplemental declaration pursuant to Article 2, then and in such event any assessment for capital improvements upon the Common Area to be erected upon such Uncommitted Property must be authorized or approved by the Developer so long as the Developer owns at least one (1) Unit located in such Townhouse Building(s) or other structures and by more than fifty percent (50%) of the Owners of the Units located in such Townhouse Building(s) or other structure present and voting, in person or by proxy, at a special meeting of such Owners duly called for the purpose of considering such assessment.~~

6.4 Duties of the Board of Directors: The Board of Directors shall fix the amount of the assessment against each Unit at least ten (10) days in advance of the commencement of the assessment period and shall, at that time, prepare a roster of the Units and assessments applicable thereto which shall be kept in the office of the Association and shall be open to inspection by any Owner. Written notice of the assessment shall thereupon be sent to every Owner subject thereto.

The Association shall, upon request, furnish to any Owner liable for an assessment a certificate in writing signed by an officer of the Association, setting forth whether such assessment has been paid as to the Unit owned by the Owner making request therefore. Such certificate shall be conclusive evidence of payment of any assessment to the Association therein stated to have been paid.

It shall be the legal duty and responsibility of the Association to enforce payment of the assessments hereunder.

The Association, through the action of its Board of Directors, shall have the power, but not the obligation, to enter into an agreement or agreements from time to time with one or more persons, firms or corporations for management services. The Association shall have all other powers as provided in its Articles of Incorporation.

~~6.5 Collection of Assessment; Effect of Non-Payment of Assessment; The Personal Obligation of the Owner; the Lien; Remedies of the Association: If an assessment is not paid on the date when due, then such assessment shall become delinquent and shall, together with such penalties and interest thereon and the cost of collection thereof as hereinafter provided, thereupon become a continuing lien on the Unit against which the same was assessed which shall encumber such Unit in the hands of the Owner, his heirs, devisees, personal representatives, successors or assigns. Any individual who acquires title to a Unit upon the death of an Owner or by operation of law shall be personally liable for unpaid assessments with respect to such Unit. In any voluntary conveyance, the Grantee shall be jointly and severally liable with the Grantor for all unpaid assessments made prior to the time of such voluntary~~

~~conveyance, without prejudice to the rights of the Grantee to recover from the Grantor the amounts paid by the Grantee therefore.~~

~~6.6 Effect of Non-Payment of Assessments; Remedies of the Association: Any assessment or installment thereof not paid within thirty (30) days after the due date may upon resolution of the Board be subject to a penalty fee in such amount as may be established from time to time by the Board of Directors. In addition to the foregoing, if an assessment is not paid within thirty (30) days after due date, the assessment, at the discretion of the Board of Directors, may bear interest from the date when due at the highest rate permitted by law. The Association may bring an action at law against the Owner personally obligated to pay the assessment and any penalty or interest and/or may record a claim of lien against the Unit on which the assessment is unpaid, or may foreclose the lien against the Unit on which the assessment is unpaid, in like manner as foreclosure of a mortgage on real property, or pursue one or more of such remedies at the same time or successively, and there shall be added to the amount of such assessment, attorney's fees and costs of preparing and filing the claim of lien and the complaint in such action, and in the event a judgment is obtained, such judgment shall include interest as provided by law and a reasonable attorney's fee to be fixed by the court together with the costs of the action, and the Association shall be entitled to attorney's fees in connection with any appeal of any such action.~~

~~6.7 Subordination of the Lien to Mortgages: The lien of the assessments provided for in this Article 5 shall be subordinate to the lien of any first mortgage in favor of an institutional lender which is recorded prior to the recordation of a claim of lien for unpaid assessments. An institutional lender is defined as either a bank or life insurance company or a federal or state savings and loan association, or a mortgage or real estate investment trust, or a pension and profit sharing fund, or a credit union, or a Massachusetts business trust, or an agency of the United States government, or a lender generally recognized in the community as an institutional lender or the Developer, or assignee, nominee or assignee of the Developer. A mortgagee in possession, a receiver, a purchaser at a foreclosure sale, or a mortgagee that has acquired title by deed in lieu of foreclosure, and all persons claiming by, through or under such purchaser or mortgagee shall hold title subject to the liability and lien of any assessment becoming due after such foreclosure or conveyance in lieu of foreclosure but shall acquire title free of any liability or lien of any assessment which became due prior to such foreclosure or conveyance in lieu of foreclosure. Any unpaid assessment which cannot be collected as a lien against any Unit by reason of the provisions of this Paragraph 6.7 shall be deemed to be an assessment divided equally among, payable by, and assessed against all Units, including the Unit as to which the foreclosure (or conveyance in lieu of foreclosure) took place.~~

6.5 Liability for Assessments. An Owner, regardless of how title is acquired, including by purchase at a foreclosure sale or by deed in lieu of foreclosure, shall be liable for all assessments and other charges coming due while that person is the Owner. Except as provided in Section 6.8 below, the Owner shall also be jointly and severally liable with the previous Owner for all unpaid assessments and other charges that came due up to the

time of the transfer of title. This liability is without prejudice to any right the Owner may have to recover from the previous Owner the amounts paid by the Owner. The person acquiring title shall pay the amount owed to the Association within thirty (30) days after transfer of title. Failure to pay the full amount when due shall entitle the Association to record a claim of lien against the Unit and proceed in the same manner as provided herein and in Chapter 720, Florida Statutes, as amended from time to time, for the collection of unpaid assessments. The liability for assessments may not be avoided by waiver of the use or enjoyment of any Common Areas or by the abandonment of the Unit for which the assessments are made or otherwise.

6.6 Default in Payment of Assessments for Common Expenses. Assessments and installments thereof not paid within fifteen (15) days from the date when they are due shall bear interest at the highest lawful rate from the date due until paid. In addition to the above stated interest, the Association shall charge an administrative late fee in an amount not to exceed the highest amount provided for in Chapter 720, Florida Statutes, as same may be amended from time to time, on assessments and installments thereof not paid when due. All partial payments upon account shall be applied in the manner prescribed in Chapter 720, Florida Statutes, as same may be amended from time to time. The Association has a lien on each Unit to secure the payment of assessments. The lien is effective from and shall relate back to the earliest date permitted by law, but in no event later than the date of recording of this Declaration. As to a first mortgagee of record, the lien shall have such priority as may be provided by Chapter 720, Florida Statutes, as same may be amended from time to time. All claims of lien must state the description of the Unit, the name of the record Owner, the name and address of the Association, the amount due and the due dates and must be executed and acknowledged by an officer or authorized agent of the Association. The claim of lien shall secure (whether or not stated therein) all unpaid assessments, which are due at the time a claim of lien is recorded, as well as all regular and special assessments which may be levied or which may accrue subsequent to the recording of the claim of lien and prior to satisfaction of the lien or the issuance of a certificate of title, together with interest, late charges and all reasonable costs and attorney's fees incurred by the Association incident to the collection and foreclosure process. Upon payment in full, the person making the payment is entitled to a satisfaction of the lien. The Association may bring an action in its name to foreclose its lien in the same manner a mortgage of real property is foreclosed and may also bring an action at law to recover a money judgment for the unpaid assessments without waiving any claim of lien. The Association is entitled to recover its reasonable attorney's fees incurred in either a lien foreclosure action or an action to recover a money judgment for unpaid assessments. As an additional right and remedy of the Association, upon default in the payment of assessments as aforesaid, the Association may declare the assessment installments for the remainder of the fiscal year in which a claim of lien has been filed to be accelerated, as provided in Section 6.9 below.

6.7 Assignment of Rents. The Association is hereby granted a lien against any rents derived from the Unit which shall have the same priority as the Association's lien for unpaid assessments against the Unit. Except to the extent limited by Chapter 720, Florida Statutes, as the same may be amended from time to time, the lien on any rentals derived

from the Unit shall be enforceable by the delivery of written notice to the Owner and the tenant demanding the payment of the rents, provided, however, that no such demand may be made unless and until the owner is delinquent in the payment of any assessment or other charge due and payable to the Association by the Owner under this Declaration.

6.8 First Mortgagee. A first mortgagee acquiring title to a Unit as a result of foreclosure of its first mortgage, or by deed in lieu of foreclosure, may not, during the period of its ownership of such parcel, whether or not such parcel is unoccupied, be excused from the payment of some or all of the Common Expenses coming due during the period of such ownership. In addition, the first mortgagee is liable for the share of Common Expenses or assessments or other charges imposed by the Association pertaining to such Unit which became due prior to acquisition of title as a result of the foreclosure or the acceptance of such deed; provided, however, the first mortgagee's liability may be limited to the maximum amount set forth in Chapter 720, Florida Statutes, as same may be amended from time to time. If any unpaid share of Common Expenses or assessments or other charges is extinguished by foreclosure of a superior lien or by a deed in lieu of foreclosure thereof, the unpaid share of Common Expenses or assessments are Common Expenses collectible from all of the Owners, including such acquirer, and such acquirer's successors and assigns.

6.9 Acceleration of Assessment Installments Upon Default. If an Owner shall be in default in the payment of an installment upon an assessment, the Board may accelerate the remaining installments of the assessment applicable for the balance of the current fiscal year upon notice to the Owner, and the then unpaid balance of the assessment shall be due upon the date stated in the notice.

6.10 Set Off. Any funds due and payable by the Association to an Owner under this Declaration, the Articles of Incorporation or the By-Laws, or under Chapter 720, Florida Statutes, shall be subject to a right of set-off for any amounts due and owing to the Association by the Owner under this Declaration, the Articles of Incorporation, the By-Laws, or Chapter 720, Florida Statutes.

6.11 Within fifteen (15) days after the date on which a request for an estoppel certificate is received from an Owner or mortgagee or their designee, the Association shall provide a certificate signed by an officer or authorized agent of the Association identifying all assessments and other monies owed to the Association by the Owner or mortgagee with respect to the Unit, and the Association may charge a fee for the preparation of such certificate, the amount of such fee to be stated on the certificate.

6.8 6.12 Exempt Property: The following properties subject to this Declaration are and shall be exempt from the assessments, charges and/or liens created herein; (1) all properties, if any, to the extent of any easement or other interest therein dedicated and accepted by the local public authority and devoted to public use; (2) all Common Areas; and (3) all properties exempted from taxation by state or local governments upon the terms and to the extent of such legal exemption.

6.9 6.13 Annual Budget: By a majority vote of the Directors, the Board shall adopt an annual budget for the subsequent fiscal year, which shall provide for allocation of expenses in such a manner that the obligations imposed by the Declaration will be met.

ARTICLE 7

Additionally, due to limitations on the number of available parking spaces, no Unit may park more than three (3) vehicles on the Properties on a continuous basis, and the Board may make and amend rules and regulations regarding the number of vehicles permitted on the Properties at any time based upon the number of licensed drivers in the Unit and the types of vehicles to be parked on the Properties. A licensed motorcycle shall not be counted as a vehicle, if the motorcycle is parked in the Unit owner's assigned parking space in such a manner so as to permit the resident of the Unit to park their automobile in the same parking space and not interfere with other vehicular traffic, foot traffic or another adjoining parking space. A motorcycle that does not meet this criteria shall count as one vehicle in determining the vehicle limit for a Unit. To prevent damage to the common areas and resident accidents, parked motorcycles may not be chained or attached in any manner to any

Common Area structures, including but not limited to carport support poles.

7.1.12 Towing. The Board is empowered to make and amend rules and regulations which may include, without limitation, the types of vehicles which may be parked on the Properties, designating specific areas on the Common Areas for the parking of certain types of vehicles, and with regard to the issuance and display of decals to identify the vehicles of residents, guests, licensees, employees, agents or contractors. Parking privileges may be denied to any vehicles deemed by majority vote of the Board to be noisy, in disrepair or hazardous to the community. The Association may impose deposits and fees in such amounts as the Board of Directors may determine to be appropriate as a prerequisite to the issuance of a decal. All vehicles parked on the Properties contrary to the provisions of this Declaration or any rules and regulations made and amended from time to time by the Board of Directors shall be subject to being towed in accordance with Section 715.07, Florida Statutes, and any applicable local ordinances, as both may be amended from time to time. Self propelled vehicles which are properly licensed, including the foregoing, and including but not limited to cars, motorcycles, and trucks may not be operated within the community by unlicensed drivers.

7.1.14 14 Certain Restrictions, Rules and Regulations. The following restrictions, rules and regulations shall be adhered to by each Owner, lessee, their guests and visitors:

B. All Owners and lessees of Units in The Properties shall abide by this Declaration, the Articles of Incorporation, the By-Laws and all Rules and Regulations as they are adopted from time to time by the Board of Directors. The Owners shall, at all times, obey the Rules and Regulations and shall use their best efforts to see that they are faithfully observed by their families, guests, invitees,

servants, lessees and persons over whom they exercise control and supervision. In order to change or amend any Rule or Regulation and/or adopt new rules and regulations, the same must be duly adopted by at least a fifty-one percent (51%) affirmative vote or consent of the Board of Directors. No vote of the membership shall be required. A change, amendment or adoption of a rule or regulation shall not require an amendment to the Declaration or the By-Laws.

C. No graffiti or chalk markings may be made on any exterior surface of any Lot, Common Area, Recreation Area or Association property, including but not limited to sidewalks, driveways, parking areas, or grassy areas.

7.2 Utility Easements: There is hereby created a blanket easement upon, across, over, through and under The Properties for ingress, egress, installation, replacement, repair and maintenance of all utility and service lines and systems including, but not limited to, water, sewers, telephone, electricity and cable television and security lines and systems. By virtue of this easement it shall be expressly permissible for the Developer Association or the providing utility or service company to install and maintain facilities and equipment on The Properties, to excavate for such purposes providing the party causing such excavations restores disturbed areas to the condition in which they were found. Notwithstanding anything to the contrary contained in this Paragraph, no sewers, electrical lines, water lines or other utility service lines or facilities for such utilities may be installed or relocated on The Properties except as approved by the Developer Association nor shall the same be located in areas upon which any building is erected. This easement shall in no way affect any other recorded easements on the Properties. ~~The rights of the Developer as provided in this Paragraph shall automatically expire upon Developer selling the last Unit in The Properties to a purchaser and thereupon all rights vested in the Developer under this Paragraph shall be deemed to be vested in the Association.~~

Easements for drainage, installation and maintenance of utilities and for ingress and egress are reserved as shown on the recorded plat(s) of The Properties. Within these easements, no plantings, buildings or other permanent structures may be placed or permitted to remain that will interfere with vehicular traffic or prevent maintenance of utilities. Public utility companies servicing The Properties and the Association, and their successors and assigns, shall have a perpetual easement for the installation and maintenance of water lines, sprinkler lines, sanitary sewers, storm drains, electric and telephone lines, cables and conduits, including television and security cables and conduits, under and through the utility easements as shown on the plats and under and through such portions of The Properties as are beyond the buildings thereto, as such buildings may from time to time be located. Any damage

caused to pavement, driveways, drainage structures, sidewalks, other structures or landscaping in the installation and maintenance of such utilities shall be promptly restored and repaired by the utility whose installation or maintenance caused the damage.

7.3 Maintenance of Units. Each Unit Owner agrees to maintain in good condition and repair his Unit and all interior and exterior surfaces within or surrounding his Unit (such as the surfaces of the walls, ceilings, floors, garage doors, etc.), whether or not part of the Unit, and to maintain and repair the fixtures therein, which includes, but is not limited to, the following where applicable; air conditioning and heating units including all mechanical portions thereof located in the Unit, refrigerators, stoves, fans and hot water heaters, cable television lines within the Unit, security system lines and equipment within the Unit, all plumbing and water lines within the Unit, electrical panels, electrical wiring and electric fixtures within the Unit, all windows, screening and glass, and to pay for such utilities are separately metered to his Unit. Each Owner further agrees to allow the Board of Directors, and their agents and employees to enter, after not less than 48 hours prior notice, into any unit for the purpose of maintenance, inspection, repair, replacement of the improvements within the units or to determine compliance with the provisions of this Declaration and the By-Laws of the Association. In case of emergency circumstances threatening units, no prior notice shall be required.

Any portion of the Properties for which the Owners are responsible for maintenance, repair or replacement where the responsibility is shared by two or more of the Owners, may be performed by the Association and allocated equally to the effected Owners. Examples of such repairs include, but are not limited to, damage to seamless gutters covering multiple units and damages resulting from insect infestation in multiple units in a building. The Association shall provide written notice to the effected Owners before performing the repair. Any costs advanced by the Association to perform the repairs contemplated hereunder shall be enforceable against the effected Owners in the same manner as any assessment under Article 6 of this Declaration.

All Units must turn on their front fence lights or in the case of end units front wall lights from dusk unit dawn using a sunlight sensing device which automatically activates and deactivates these lights. Lighting fixtures installed on the fence or the front wall of end units, must be approved by the Association and emit at least 180 watts of light. Any defective fence or front wall (on end units) lighting fixtures, sensors or bulbs must be replaced immediately at the expense of the Unit owner. The Association may elect to bear the expense of rewiring a Unit and installing a sunlight sensing device and/or approved lighting fixture purchased by the Unit owner to help ensure residents comply with the foregoing lighting covenant. In the event that a units wiring is not in accordance with original construction, the unit owner shall be responsible for the cost of restoration of such wiring as it pertains to lighting.

Gutters shall be cleaned by the Association at the Association's expense at lease once per year.

Notwithstanding any provision to the contrary in this Declaration, the Articles of Incorporation or the By-Laws, when the Association Board of Directors determines that a building roof has passed its serviceable life, the Association is responsible to follow existing building codes and pay for the costs of (1) replacing the roof shingles, using fiberglass, fungus resistant material; (2) install asphalt saturated felt kin-tagged to the deck; and (3) install sheet metal flashing (i.e. drip edge metal, L-flashing at walls valley metal and miscellaneous vents, and plumbing stack leads) where required, or an acceptable alternative to items 1, 2 and 3 as approved by the Board of Directors. The Unit Owners are responsible for the cost of replacing any damage, or unserviceable decking, sheathing, fascia or soffits which must be maintained in a proper state of repair as determined the Association Board of Directors. The Unit Owners are further responsible to fully repair the roof above their unit in the event any section or portions of the roof is defective or damaged at any time prior to the end of the roof's serviceable life, such as may be the case as a result of (1) the presence of defective fire-retardant plywood or (2) damage resulting from fire, wind, storms, trees, lighting, hail, vandalism, unit owner actions or repairs whether or not they are negligent, which actions or repairs are contracted by the individual Unit Owner.

At the time that the Association shall perform roof replacement in the manner defined in this Article 7.3 and Article 4.2 of this Declaration, the Association shall have the authority, but not the obligation, to perform items of repair or replacement identified in this Article 7.3 and Article 4.2 of the Declaration as unit owners responsibilities, with the cost for such repair and replacement being the responsibility of the unit owner. Said cost shall be deemed an individual assessment and shall be collectible in the manner provided for the collection of assessments in this Declaration.

The roof replacement as required by this sub-section shall be performed not more than ~~15~~ twenty (20) years from the date of the original construction and installation of the roofs and thereafter said roof replacement shall be performed at the end of the serviceable life of the roofs.

In the event (1) a building's roof is damaged before the end of it's serviceable life; (2) the majority of the unit owners in the building consent to the replacement said building's roof; and (3) the building owner's pay the cost of replacement of said roof in advance to the Association, less any contribution made by the unit owners of said building to the Association's roof reserve for future roof replacement of said building, the Board shall have the power, but not the obligation, upon majority vote of the Board to contract with a Licensed Roofing contractor to replace said roof. In the event a roof is replaced in this manner, the serviceable life of the said roof shall begin as of the date of said roof replacement.

Painting as required by this Declaration shall be performed when necessary, but, notwithstanding the foregoing, each unit shall be painted not less than every ~~five (5)~~ seven (7) years.

7.3.1 Siding Repairs:

When less than fifty percent (50%) of a section of existing plywood siding has evidence of wood rot as determined by the Board of Directors, Manager, and/or any Committee or person designated by the Board for inspection purposes, plywood sheeting of a type, strength and size as determined by the Board must be used for repairs. When making plywood repairs, an entire 4' X 8' sheet of plywood or other size as may be determined by the Board of Directors from time to time, must be used. A "section" is defined as the entire horizontal run of siding, including gables, above, beneath or between the drip edges, that meets at not less than two corners or edges of each individual unit. No patchwork repairs consisting of less than one full sheet of plywood is permitted. All plywood must be installed with the grain running vertically.

If more than fifty percent (50%) of the existing plywood siding in a section has evidence of wood rot as determined above, then such entire damaged section or run must be replaced with a brand, type, style, color and finish of siding as may be determined by the Board from time to time, in accordance with the applicable building codes. All such panels must be installed with the grain running vertically.

During repairs to a Unit, any rotted wood or structural supports behind the exterior surface must be repaired by a licensed contractor and conform to all existing building codes. All repairs must be secured using only rust proof

decking screws. After any repairs are completed, the repair must be primed and painted using paint that exactly matches the existing exterior color of the remainder of the building when dry. Any permits and inspections required by code must be properly completed during the course of construction. Siding, fencing panels, joints, and battens must be solidly affixed to the substructure. The substructure must be free of rot and or other damage before siding may be attached. All repairs to a Unit must be completed within twenty (20) business days after they are commenced. Additional time may be permitted at the discretion of the Board of Directors.

All siding on a Unit, including all door and window trim and battens, must be installed by a licensed contractor in accordance with local building codes. Building permits must be obtained. Unit owners are not permitted to do any Unit siding work themselves. All installations must have full 5/8" exterior plywood backing, or such other backing as the Board of Directors may require from time to time, that has no evidence of damage or rot. Any rotted wood comprising the underlying structure of the Unit must be replaced with pressure treated wood before installing any siding.

Seams between adjoining Units and adjoining sheets of siding must appear to match and no visible seams should exist.

7.3.2 Fence Repairs:

Fencing must be installed and properly secured to the underlying framing and/or Unit wall using only rust proof decking screws. Framing must be installed behind all fencing consistent with the framing used in the original construction and must be pressure treated 2" x 4" studs and 4" X 4" pressure treated posts. Framing must be constructed so that the 2" x 4" studs are at 16" on center. Battens must be properly secured to the framing at 16" on center and cover all fence joints. 1" x 4" trim boards are to be used at the corners. (See Batten and Trim section below)

The cap on the top of a fence must be smooth 6.25" x 3" pressure treated wood. Since pressure treated wood is not stocked by suppliers in this size, fence cap must be milled down from stock 8" x 4" pressure treated wood to 6.25" x 3" by a wood shop. Fence caps may not be installed that do

not have a smooth surface or are warped. A continuous run of a fence cap for a Unit cannot be installed in more than three (3) horizontal pieces, which would include the side section. An angle cut (45 degree) must be used to connect a continuous cap. Smaller sized pressure treated wood cannot be stacked vertically or horizontally to form a 3" x 6" fence cap. Fence caps must be securely affixed to the underlying framing using 6" X 3/8" inches lag bolts counter sunk and filled with paintable wood putty to hide bolt heads and placed at a distance of not greater than 3 feet.

7.3.3 Battens and Trim:

All batten strips used for fencing and building surfaces must be 1" x 2" pressure treated wood or such other material as may be approved by the Board of Directors from time to time, such as Hardie Trim Board 1" x 4", "ripped" in half. Batten strips must not be warped or uneven. All batten strips must be placed at 16" on center, and securely affixed to the substructure. All batten strips must be placed so as to be secured to the underlying framing in such a way that all siding joints are covered. Batton must be secured using only rust proof decking screws

Trim pieces above the doors and windows must be 1" x 8" Hardie Trim Board or pressure-treated wood. Trim around sides of doors and windows must be 1" x 4", Hardie Trim Board, or other type of wood board approved by the Board from time to time, or pressure-treated wood. All such Hardie Trim Board or other materials approved by the Board of Directors and pressure-treated wood trim must match the texture and grain of the approved siding.

7.3.4 Screen Enclosures:

Screen enclosures may only be constructed using rust-proof black aluminum framing consistent with other screen enclosures within Riverwalk. Black screen material must be used when replacing the screens. A screen enclosure may not include any aperture other than one standard size screen door. Other apertures, including, but not limited to: doggie doors or windows, are strictly prohibited.

If there is no screen enclosure, only courtyard (walkway) gates consistent with the original construction may be

installed. All other types of gates and/or barricades are strictly prohibited.

Main entrance doors must be replaced with only white metal doors having 6 to 8 panels or such other types or sizes of panels as may be approved by the Board of Directors from time to time, in order to achieve a consistent appearance with the original Riverwalk construction.

7.3.5 Roof Repairs:

Roof repairs must use the same color and texture of shingles originally installed on the roof. Only a licensed and insured roofing contractor with all required permits may repair or replace a roof.

7.3.6 Inspection Upon Completion:

Any questions or confusion about materials used or procedures for repairs must be resolved by the Unit Owner by contacting the Association's office in writing before proceeding with the repair. Upon completion of any or all exterior wood repairs, inspection by the Association is required. Do not assume that any repairs that have been performed and have not been inspected are acceptable. If repairs are not completed in accordance with the above regulations, the Board of Directors reserves the right to require that the repairs be redone correctly.

7.3.7 Window and Door Treatment:

No awnings or other projections, except those approved by the Board of Directors shall be attached to the outside walls of the building without the prior written consent of the Homeowners Association. The placement of any approved projections will be determined by the Board of Directors in order to maintain a uniform look. Window treatments used must be marketed as such, including vertical blinds, curtains or drapes and must be properly hung and must appear neutral (the term "neutral" to be defined as white, off-white or beige) and consistent in appearance from the outside. Non-neutral materials must be lined so as to appear neutral from the outside to maintain a uniform look throughout the community.

7.4 Exterior Additions, Alterations or Improvements to Units: No addition, alteration or improvement in or to the exterior of any Unit or any terrace or balcony attached or appurtenant thereto shall be made by the Owner of any Unit or any other party without the prior written consent thereto of the Board of Directors. The Board shall have the obligation to answer any written request by an Owner for approval of such proposed addition, alteration or improvement. The refusal of the Board to consent to such proposed addition, alteration or improvement may be based on any ground, including aesthetic grounds, which the Board, in its sole discretion, deems sufficient. It shall be a condition precedent to the granting of the consent of the Board of Directors to the making of any such additions, alterations or improvements that the Owner of such Unit furnished satisfactory evidence to the Board of Directors that the proposed addition, alteration or improvement complies with all laws, rules, ordinances and regulations of all governmental authorities having jurisdiction. Any change in the exterior appearance of any Unit, including any screening, fencing or other enclosures of any balcony terrace or patio attached or appurtenant thereto, shall be deemed an alteration requiring the approval of the Board of Directors. The Board of Directors shall have the power to promulgate such rules and regulations and to impose reasonable fees and charges as it deems necessary to carry out the purposes and intent of this paragraph. In the event any addition, alteration or improvement is constructed or placed upon or installed in or about the exterior of any Unit or any terrace, balcony or patio attached or appurtenant thereto without the written consent of the Board of Directors, the Board shall have the right to demand that such addition, alteration or improvement be removed and the premises restored to the condition thereof prior to such addition, alteration or improvement at the sole cost and expense of the Owner of such Condominium Unit. If such Owner fails to remove such addition, alteration or improvement and restore the premises within twenty (20) days after the giving of written notice by the Board to such Owner demanding such removal and restoration, the Board may, at its option, in addition to any other rights and remedies available to it, cause such addition, alteration or improvement to be removed and the premises restored at the sole cost, expense and risk of such Owner. The Board of Directors, its contractors, agents and employees, shall have the right to enter upon such Unit at all reasonable times for the purpose of performing such removal and restoration. If such Owner fails to pay the costs and expenses of such removal and restoration within twenty (20) days after written demand therefore, the Board may assess the amount of such costs and expenses against such Unit. All of the provisions of this Declaration which generally apply to special assessments shall apply to any special assessment imposed on the basis of this Paragraph.

7.4.1 HURRICANE/SECURITY SHUTTERS. Notwithstanding the provisions of Section 7.4 above, only accordion style shutters may be installed as permanent shutters without the prior written consent of the Board of Directors, provided, however, that the Board may adopt such guidelines as the Board determines to be necessary and proper to identify permissible types of accordion style shutters, including, but not limited to, limitations on the permissible colors of such shutters, which shall be enforceable, regardless of whether or

~~not prior written consent is required for the installation. The Board may also adopt additional rules and regulations regarding the operation of hurricane shutters, including, but not limited to, requiring shutters to be closed when the Owner is absent from the Unit for an extended period, as defined by the Board of Directors, or when a hurricane warning is issued. the following addition, alteration or improvement to a Unit, or any terrace or balcony attached or appurtenant thereto, may be made without the prior written consent of the Board of Directors.~~

 - ~~iii. Storm panels, once installed are to be removed within seven (7) days after the eminent HURRICANE WATCH or WARNING condition has been lifted. Those unit owners who opt to install the storm panels and evacuate the area and then are subsequently unable to return to remove the panels within the seven (7) days period, must notify the Association within this same seven (7) day period and request permission for temporary extended use of the storm panels.~~
 - ~~iv. The storm panel support structures (runners or rails) which may be permanently attached to the exterior of the building area to be painted to match the color of the building.~~
