

Walton County Beekeepers Association
Minutes

~~~~~

Date: Tuesday, August 18, 2020  
Location: Loganville Baptist Church  
Purpose: Educational  
Attendance: Members – 15            Guests – 7

~~~~~

President Phil Lord opened the meeting with a prayer at 7:05pm.

Treasurer Bill Wages reported that as of July 29, 2020 the club has a balance of \$2668.21.

Secretary Roberta Wilson read the minutes of the August meeting. The minutes were accepted as read.

Following a brief discussion, the club decided by consensus that masks should be worn during meetings.

President Phil Lord asked for ideas from the club members for future programs. He also mentioned having spoken to Bob Binnie, who could present to us but offered as an alternative to give the club a tour of the Blue Ridge Honey facility and operations.

A variety of other topics were discussed, including the mystery of nasty tasting honey that was produced by some of the members' bees this past spring.

The meeting was adjourned at 7:50pm, followed by visiting and honey tasting, as many people had brought samples to share.

Respectfully Submitted,

Roberta Wilson, Secretary
