June 1, 2020

Dear Valued Member,

The Church is extremely grateful for all the support that we have received from you and our community during these trying times. Our goal has been and will continue to be to provide the spiritual opportunities for growth and connection with the God of your understanding.

The Board of Trustees has spent many long hours and much prayerful thought into how to proceed this summer. The church has been offering Sunday Services online using Zoom. Our Development Circles and Monthly Meditations have been available online as well. After considering the safety of you, our congregation, we have decided to not open the church for Sunday services at this time. We will continue to offer virtual opportunities throughout the summer. There are plans to offer a modified healing and reflection live event at the church during the month.

I want to remind you that the building is not the church. Each one of US is the church. Even though I agree that we are missing the fellowship that a gathering would provide, we are devoted to keeping our members safe as well as connected. The Board of Trustees will revisit this issue in the coming months and our intention is to try to reopen for services in September if it is safe to do so.

If you haven't joined us yet for our virtual service, the instructions on how to do so can be found on our Facebook page, the Connections page of our website and in the latest email newsletter. If you do not have access to the internet, please call the church phone and we will do our best to connect you to services using a dial in phone number.

Donations to the church are appreciated and we do need them to continue to keep The Church of the Angels a presence in the community. Your donations are contributing to the business expenses of the church, (rent, website, phone, etc) as well as helping with any expenses needed when we do choose to reopen. Monetary gifts can be made electronically through the donate buttons on the website or can be sent directly to the church address above.

We also want to hear from you. Please let us know if you are in need of healing/prayers. Our prayer team is going strong and active and has seen wonderful results. I've included an informational sheet to let you know the ways you can use this service. I've also included the information on the ONE Family in Prayer Program that was started. Please join us in prayer as a continuing way of connecting. And give us your feedback and suggestions on how we can be of better service throughout this adventure.

Know that we are always connected to the Divine and that we are never truly alone.

With Love and Many Blessings,

Rev Jenni Vinecourt, Pastor
