**Sub: MISSION INNOVATIVE INDIA – INNOVATION TOUR**

We would like to introduce ourselves as a unique B- School, established in 1995 in New Delhi, approved by All India Council of Technical Education (AICTE), Ministry of Human Resource Development (HRD) Government of India. Our uniqueness lies in identifying market driven areas for management education, training, research and consulting, which are apt in current socio-economic situation of India. Considering the need for infusing the entrepreneurship dimension in all that we do and teach, we have christened our Institute as EMPI "Entrepreneurship and Management Processes International". Founded by a group of eminent management professionals and academicians like our Patron Chairmen - late Ajit N. Haksar (Chairman Emeritus - ITC Ltd), Patron - Dr. D V Kapoor, (Director, Reliance Industries Ltd), Dr. Udai Pareek (Father of HR Movement in India), Ms. Tara Sinha (CEO, TSA), Mr. P S Bami (Former Chairman, NTPC), Mr. N Vittal (Former Chairman, Telecom Commission & Former Secretary, Department of Electronics, Govt. of India) and Mr. Gurnam Saran (Former Director, BHEL).

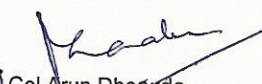

Further, EMPI Group of Institutions, New Delhi, pioneered the Indian Innovation Awards in 2005, perhaps the first of its kind in the country, to recognize the Innovative Organizations in India, which have by their innovative actions impacted major changes. The Awards are a part of a larger movement 'Mission Innovative India', launched by the highly inspiring, the then President of India, Hon'ble Dr. A.P.J. Abdul Kalam.

The fourth in the series of annual EMPI-Indian Express Indian Innovation Awards has now been announced. As a part of our academic curriculum, our first year students of PGDM undertake a field course in Innovation, in which they shall visit organizations across India. They intend to scout for innovations and initiatives pioneered by organizations, and highlight them on the larger and prestigious portals of the EMPI-Indian Express Indian Innovation Awards. Sixty students of our institute will be visiting PUNE from 27-11-2009 to 01-12-2009. They will be operating in teams of two. We would like to send one such team to visit you to learn from you more about your organizational processes, work, culture and values vis-à-vis INNOVATION.

We look forward to your confirmation for the above request and we wholeheartedly appreciate your help and support in making the INNOVATION TOUR a success.

Warm regards,

Yours sincerely,

  
Col. Arun Dhongde
