

ANIMATOR IN TRAINING PROGRAM

14 years old

Those enrolled in the Animator in Training program will have the opportunity to be a part of a dynamic team within the DDO day camp organization. Our AITs will be involved in the planning and delivery of activities for children aging from 5-9 years old through an observational and practical approach under the supervision of our Animators.

The goal of our program is to develop and train the AITs into becoming the future animators of DDO day camp, while simultaneously offering them a great opportunity to be outdoors and enjoy an unforgettably fun summer!

This program is four-week long, from July 11 to August 5. Throughout the program the AITs will receive a firsthand look at what it takes to be an Animator. They will participate in animation workshops, professional development training, and attend CPR courses. Additionally, our AITs will have a mentor (an experienced animator) to help guide them through this experience.

With weekly outings, swimming, fun outdoor activities, and most importantly the opportunity to be involved with the fantastic DDO Day Camp team, there has never been a better opportunity to stay a part of this great institution. Following the completion of this program our AITs will receive a graduation ceremony, and a certificate validating their completion of the program, which lends itself for future consideration within our organization.

Mentorship program:

Our AITs will be paired up with our experienced animators at which rate they will be learning firsthand what it is like to be an animator with the support necessary to be successful.

Animation & professional development workshop:
