

Lessons from a Mighty Oak Tree:

1. Thrive to grow wherever you land
2. Don't rush, it will turn out the way it's intended
3. Don't quit – Try one more time
4. When your roots run deep, you can sustain anything
5. Stand your ground
6. Bend when you have to, but only enough to let it pass
7. It's ok to shed items when they no longer serve you
8. Growth happens from the inside out
9. Your heart should run the length of your trunk
10. Take chance and go out on a limb
11. Don't be afraid to branch out
12. Support the local community
13. A tree is a tree regardless of its bark and leaves

In conclusion, I would like to leave everyone with this thought: It may be only a single acorn, but within your hand, you hold an unlimited supply of future oak trees and acorns.

just as we maybe only one person, we are filled with unlimited opportunities to grow and become like the mighty oak.
