

Late 2016 - 2017 Park Improvements

Many changes and accomplishments have occurred since the last annual meeting. Below you will find a partial list of items that have been improved or worked on.

1. Replaced the gas furnaces for the caretaker's house, the pool room and the clubhouse. Replaced the air conditioning system in the caretaker's house for a cost of just over \$13,000.00.
2. Installed whole house fan in the clubhouse and replaced the windows
3. Continued the removal of the dead and/or dying trees within the park.
4. Continued the removal of dead and dying branches on trees.
5. Repaired the deep well casing
6. Repaired the deep well electronics
7. Replaced the well pipe
8. Substantial snow removal this winter due to heavy snow fall.
9. Dealt with muskrat and beaver issues in the pond.
10. Made additional repairs to the pool this winter.
11. Completed road dusting.
12. Will be installing 2 new washing machines in the laundry room.
(They are currently on order and should be showing up within a few days.)
