

Shimmering Triangles
Supply List

Jo Ann Lepore

Pattern: Shimmering Triangles Craftsy Download

Fabrics:

This quilt requires a large assortment of fabrics. Once you have the pattern you can read thru to get an idea of how many fabrics Jenny used specifically in each size quilt top. I am collector of fabric so this does not present any issues for me. Rather than numbers I simply pulled fabrics that I love and grouped them.

Not more than 1/2 yard is needed in most cases of each fabric. My minimum suggestion would be not less than 10 large prints and 10 other companion smaller prints (the more the better).

Other Needs:

Sewing machine in good working order and capable operator (instruction book if needed).

Rotary mat, cutter and ruler. Preferably 6 X 12 " and 12 " square ruler.

Neutral color sewing thread for piecing.

Filled bobbin(s).

Sewing tools needed for piecing and any other you choose and use for piecing.

Batting or other surface to use a design surface (wall) as this quilt is best accomplished by using such a surface.

Requests:

I ask that cell phones be turned off or placed on vibrate.
