

VOLUME 23 No. 8

HAGUE, NY 12836

AUGUST 1994

### NEW HAGUE SIGN

The "New" Hague Center sign is now in place. It was erected by the Town Highway workers on Thursday, July 21.

This was the culmination of activities that started two years ago by the Mohican chapter of the Home Bureau, who chose it as their community project. The Hague Chamber of Commerce was asked to lend their expertise. Together the two organizations enlisted donations from various interested parties and obtained the necessary permits, etc.

Several bids went out to area sign makers and designers. Rich Pozzouli of Ticonderoga was chosen.

The Hague Chamber of Commerce and the Mohican Home Bureau wish to thank all people who donated funds and their time to make this such a success for our beautiful hamlet. tk

The use of this new sign...ks

### NEW MAIL DISPATCH HOURS

Jackie Fort, Hague postmaster has informed us that there are now two mail dispatches from Hague heading south. The first one is at 12:30PM and the second at 4:45PM. Mail to Ticonderoga is dispatched before 8AM and to Silver Bay in mid-morning.

Joan Dillon, Silver Bay postmaster, has the following dispatches: To Ticonderoga and Hague, 7:45AM; to Glens Falls and Albany and beyond at 8:30AM, 2:30PM and 5PM.

**IT IS URGENT THAT THOSE LEAVING HAGUE OR SILVER BAY GIVE THE POSTMASTERS YOUR FORWARDING ADDRESS AND DATE OF DEPARTURE. IT WOULD BE GOOD TO TELL YOUR EDITOR ALSO. YOU MAY CALL ME AT 543-6633 AND LEAVE A MESSAGE OR SEND A CARD. NONE OF US PROFESS TO BE MIND READERS! . . . jf**

### ARTS FAIR '94

This year's Hague Arts Fair was bigger and better than ever with many thanks to Fran Clifton, Fair organizer. With near-perfect weather, crowds streamed into the Community Center and folks happily browsed through all the exhibits, inside and out, finding treasures everywhere, and visiting with friends here and there along the way. On Sunday, Penelope the Clown made a surprise visit, entertaining everyone as only she can, including face painting

for kids and adults alope.

The Beste food table, manned by several volunteers throughout the weekend, offered hot dogs, sandwiches, snacks and beverages, and approximately \$300 will be added to the Scholarship Fund from these efforts. Many thanks to Cindy Coon and family, and Marg DelSignore, who all helped make this project a success. Promotion for the Fair seemed especially successful this year, with a Times of Ti full back page layout, WIPS pre-fair spots, the banner displayed a week in advance, and a new "Arts Fair Today" sign displayed at the Routes 8 and 9N intersection throughout the weekend. Many thanks to those who supported the Times of Ti advertising campaign, the Town highway crew, who put up the banner, and to Stan Burdick, who did a wonderful job on the intersection sign. (See separate article on new sign.)

A special thanks to the Fire Police who directed traffic on Saturday.

And last, but not least, Fran and the Chamber would like to especially thank Mike Manning, Community Center custodian, who gave up some of his weekend to make sure the "plant" was running smoothly both Saturday and Sunday. He also helped with setup and cleanup on Friday and Monday. We also appreciate the Town's continued support of our efforts for the Fair. . . ks

### BENEFIT VARIETY SHOW

Hoe-Down for the Moses-Ludington Hospital. Fiddlers, dancing, variety show. Wednesday night, August 31, 1994. Hague Community Center - 8:30 - 10:30PM. \$4.00, Adults and \$2.00 for children. ALL PROCEEDS TO BENEFIT THE MOSES-LUDINGTON HOSPITAL. Tickets may be purchased at the door.

For more information, contact Stan Burdick, 543--8824.

### CABILLON GARDEN CLUB

Presents A Specialized Standard Flower Show of All Miniature Exhibits entitled "A CELEBRATION OF ME" at the Hancock House, Moses Circle, Ticonderoga NY on August 27, 1994 from 1-4PM.

The Design Division titled "In My Own Right" includes "My World", "My Love", "My Song", "My Motivation", "My Secret", "My Heritage", and "My Soul".

"My Green Thumb" is the title of the Horticulture Division., which includes miniature plants, vegetables and fruit.

The public is cordially invited to attend this show.

### SQUARE DANCE SCHOOL HELD IN HAGUE

Square dance callers from five states and Canada recently attended a four-day extensive training program at the Community Center in Hague. The event is conducted each July by caller-coach Stan Burdick of Silver Bay, NY.

Titled the Northern New York Caller School, it consisted of 24 hours of formal instruction on the art of calling square dances. Sevcallers, partners and helpers from Quebec, NY, NJ, PA, OH, NH, and CT too part.

A similar program will be conducted in 1995 from July 5-8. For information, call Stan or Cathie Burdick at 518-543-8824.

Ed: Stan calls for square dancing every Wednesday during July and August in the Community Center. Come join the fun. Any age is welcome.

### WOMEN HELPING WOMEN

On August 8 Dick Zack of Glens Falls presented a wonderfully informative program on "What to do until 911 gets there." He also passed on the potential lie saving information that the medication in nitroglycerine is on the outside of the pill. Therefore, if the medication is not kept in a cushioned container, it may become ineffective. He further told of a town in the Seattle area where everyone took a CPR course -- an 80% drop in fatalities resulted. As a result of this program, we hope to offer a CPR course to Hague residents in the near future. How about it, Hague - can we give that town in Washington State some competition?

It could be you - your daughter, your Mom, your best friend! Come Monday, September 12, 7PM to the Hague Community Center, meet Camille Frasier and learn some things you didn't know about breast cancer as well as the important services offered in the Cancer Treatment Center at Glens Falls Hospital. Camille Frasier is a Nurse Educator who works with breast cancer patients and their families providing education and support.

Camille Frasier RN, FS, OCN, is a graduate of Adirondack Community College and SUNY, Albany. She is certified in oncology nursing and has been employed at Glens Falls Hospital for the past six years.

Women Helping Women is a group of women who meet informally the second Monday of each month with guest speakers covering topics concerned with women's well being - physical, emotional, social and intellectual. . . VJDB

### CHAMBER OF COMMERCE NEWS

Naturally most chamber members are quite busy during this season, but we would like to note a couple of things, since we were absent last month.

During their meeting in June, members elected a new president, David Martucci, who will be taking the helm in September, after Sal Santaniello steps down after several years as president. Many thanks to Sal for his continued involvement, and we wish David the best in his new position.

The New York State B.A.S.S. Federation's "Opener" tournament in June went well, and the members made a donation of over \$200 to the Beste Scholarship Fund this year.

Many thanks to all those organizations and individuals who have donated to the new Hague welcome sign. It was a long time in coming, but it is surely a "welcome" site along the brook.

Special thanks to Laura Meade, who, in conjunction with Silver Bay Association, organized the free recital of the Silver Bay String Quartet et al on Monday, August 15 at the Silver Bay Assn. auditorium. We hope you could attend.

See you in September! . . ks

### HAGUE VOLUNTEER FIRE DEPARTMENT

As this is being written, the Hague firefighters have been very busy at a house fire. Our deepest sympathy to those who have lost their home. Our hats off to those who answered the early morning call.

In July the Fire Department personnel answered 5 fire calls, accounting for 69 man hours.

Ambulance 740 racked up 318 miles, and ambulance 741 - 264 miles, for a total of 11 runs, involving 78 man hours.

Three of our volunteers have finished the course in the Essentials of Firemanship. They are Lu Megow, Dmien Geiser and Ken Gragoon.

Two new EMTs have completed training: they are Jim Carpenter and Art Andrea and Lu Megow has been re-certified as a Critical Care Technician.

The Fire Department gives hearty thanks to Joyce Monroe, who, for several years, has state managed all sorts of fun raising dinners, lunches and breakfasts, and who worked early and late to acco. We appreciate your evry effort, Joyce. . . ewa

### HVFD RUMMAGE SALE

Well, the ladies involved in this fund raising effort are not exactly tireless, but they pretend to be, and the sale goes on and on. All items of clothing have been reduced to 10 cents per item - other items are priced according to the cashier's whim of the moment. The old town hall is open on Mondays, Wednesdays and Fridays and Saturdays from 9AM to 3PM, with everning hours 6PM to 8PM on Fridays and Saturdays. The last Saturday of each month is "Bag Day". We will give you a bag and you can fill it for \$1.00 - one of the best bargains in the north country! ..ewa

### THIS AND THAT SALE

The Church of the Cross in Ticonderoga is having a This and That Sale on Thursday, Aug 18 beginning at 9AM at the church on Champlain Ave., Ticonderoga.

*There is a big difference between free speech and cheap talk.*

### TOWN BOARD MEETING - 7/19/94

The regular town board meeting scheduled for July 12 was postponed to the 19th because the supervisor was out of town. John Wertine, County Treasurer appeared and described the process of claiming county sales tax receipts for highway and county uses. We will be receiving payments in Apr, Jul, Oct, and Jan.

The board was thanked for the installation of a pay phone on the outside of the Hague Community Center. The yard lights are being put back into service and low voltage unit will be installed.

The Ti Board of Education was given permission to hold a meeting in Hague on Nov 16 at 7:30PM.

Hague will receive a State revenue sharing payment of \$3,458 on Sep 15, 1994.

A \$10,000 grant to set up a stormwater management plan was awarded by the L.G.P.C.

Approval to hire a forestry consultant to advise the town on logging its properties.

Supervisor will appoint a committee to review the rules and regulations for the use of the town's facilities, particularly the Community Center.

The Board accepted the resignation of Richard Felbusch from ZBA for personal reasons.

A grant will be submitted by Aug 22, 1994 for 50% capitalization of project costs for environmental revitalization program relating to waterfront and landfill.

The testing required by the DEC on the leak in the town's old tank at the garage is proceeding.

The old town hall was upgraded and office space was provided for Dr. Ranpali Fernando. She will use the office rent free but will pay utility bills through Dec 1994. Currently office hours are scheduled for 7-9PM Tuesdays and Thursdays (except first Tuesday of each month). An open house was held Thursday, Jul 14, which was well attended.

Bottled water will be provided at the Community Center and old town hall until further notice.

Costs for the tipping fee at the burn station were discussed and an attempt will be made to negotiate a lower fee this winter. Reimbursement for landfill closure costs are being applied for, if we decide to proceed in that direction.

The summer youth swim program at Hague Beach (non-swimmers) and Silver Bay Association (swimmers) is in progress.

A late bus for after school activities is still under discussion with Dr. Collins and attempts are being made to find funding for such a bus.

Plans for the Arts Fair at Hague Community Center on August 6 and 7 are progressing with a waiting list for exhibitors.

It is estimated that 1/3 more usage of the park is being experienced, but things are running smoothly. The Garden Club was acknowledged for its flower plantings and Mike Mannis is doing a fine job on maintaining the park, cemetery and Community Center building. The life guards at the beach were also commended.

It was determined by the Board that no further payments will be made to Moses Ludington Hospital until a determination is made that it is legal to do so and that Ticonderoga has resumed its payments.

Discussion was held regarding the lease of property (23,000 yards of material) from Dykstra for sand/gravel removal. The need for obtaining a permit and eventual replanting of site was discussed.

Resolution 16 accepted - the Warren County Rabies Plan.

Resolution 17 was passed accepting the loan of a grand piano for four years from Carol Brown. Such piano will be placed in the Community Center and will be available for use under controlled conditions.

Resolutions 18 and 19 accepted - the revised assessments on Harrison and Lawrence properties, with no tax refunds due.

Hague received a year's extension on the reclamation plan and is waiting for the State to approve its plan. Hague will try for reclamation of one acre in the fall. . . ES

### ZONING BOARD OF APPEALS

The regular meeting of the ZBA was held on July 28, 1994. A public hearing was held on the Lazarus property (66-01-13) at Sabbath Day Pt. Shoreline Setback area variance - deck. Only one letter was received approving the project - none against.

At the regular meeting following the public hearing, the board voted to approve adding a deck to connect the two existing buildings, with modifications.

A long discussion was held on the Malara (20-1-35) Marine Storage on Decker Hill Rd. The board interpreted the zoning regulation for the Planning Board. A public hearing on the project is scheduled for August 25 at 7PM.

It was announced that all members of all town boards are covered by the town insurance. . . djh

### TOWN BOARD MEETING 8/9/94

Linda Coffin's was the one dissenting vote when a motion was made to join the rest of Warren County's towns and villages in taking our sales tax revenues. She felt we could possibly end up paying higher county taxes later on.

In other business: • 1) It is always nice to receive a thank you and Barbara Bryant Taylor expressed her family's pleasure at being able to enjoy all Hague has to offer. • 2) Supervisor Belden had inquired about available bargains we might use from the Plattsburg Base. We can be put on the list but shouldn't expect much. • 3) Request to hook up a system so the residents can hear more clearly at meetings. • 4) Our Small Cities block grant was not received, but the good news is we are highest on the list at 75% for interest free loans for reclamation.

• 5) Dr. Fernando's contract is legal for anyone questioning same. • 6) Cable Television has \$40,432 growth operating funds with \$1,000 to be used for extension in Hague.

Cont. on page 4 - Town Board

Town Board - cont. from page 3

•7) Our summer youth programs were very successful thanks to the swimming programs at Silver Bay and the Boating Safety led by Carol and Martin Brown at the Town Center.

•8) The Park Committee is still looking for another member. Applications available at the Community Center.

Though the launch fees are off, the landfill is making up for it with the sale of bags(\$3,923.50) and C&D (\$5,548.45) IDA is being asked for a smaller fee for burning.

Two lights have been purchased and will be installed to light the darker sections of the Community Center parking lot.

The magazine recycling bin (when it is in Hague) will be at the landfill from now on - NOT at the Community Center.

A container for cardboard will be placed in Silver Bay for use of businesses in that area. . . gl

PLANNING BOARD - 8/4/94

A public hearing has been scheduled for Maiaro's boat storage project on Decker Hill Rd. for the Aug. 25 meeting at 7PM. No recommendation was made to ZBA. .

A site visit to Christmas Associates (41-1-3777) near Jabe's Pond left questions unanswered. They are asking for a 17 site major subdivision and have not yet presented a complete application.

A letter has gone out to Van DeVeer (9N) stating he is in violation of our ordinance that covers multiple dwelling renovations and his parking area. . . gl

NIMO PLANS RATE INCREASE

There will be a hearing on a major increase for NiMo at the Moriah Central School on Plank Road, Port Henry on August 18 at 7PM.

TIPS FOR TENANTS

1. In winter, keep the thermostat set two to four degrees below what you are used to (at least 68F during the day and 60F at night).
2. When away from your home in winter for more than several days, lower the thermostat to at least 55F.
3. Keep return heating air grills and warm air ducts clean. Dust and lint can keep a room from receiving sufficient heat.
4. If registers are adjustable, direct warm air lows across the floor. Air deflectors may also be used for this purpose. Remember that warm air rises and cool air falls.
5. Don't go in and out of exterior doors needlessly. Frequent opening and closing of doors wastes heat and money.
6. If radiators are near cold walls, a sheet of aluminum foil between the wall and the radiator will reflect heat back into the room that would otherwise be lost.
7. Dust on radiators or baseboard units act as insulation and wastes heat...dust or vacuum these surfaces frequently.

8. Do not block off registers or radiators with draperies or curtains, furniture or other obstructions.

9. Thermostats for heating and air conditioning should not be subject to drafts or to heat from lamps, televisions, etc.

10. With a cooling system, keep the home at the minimum comfort level. Each degree cooler than 78F uses substantially more energy.

11. At night,raise the air conditioner's thermostat by several degrees and while away, turn off the air conditioner.

12. Make sure all sun-exposed windows have draperies. Let the sun in on cool days and keep it out on warm days.

13. Use fluorescent lamps when possible. The produce more light for the same amount of energy and have longer life than incandescent bulbs.

14. Locate lighting equipment carefully to obtain the best illumination with a minimum of equipment.

15. Select low wattage bulbs for decorative and protective lighting and higher wattage bulbs for tasks such as reading, sewing, etc.

16. Keep lamps clean to assure a maximum light. Dirty lamps and fixtures can significantly reduce light output.

17. If a lamp has a three-way bulb,use a lower setting when watching television and when using background lighting, and a higher setting for tasks such as reading, sewing, etc. . . Niagara Mohawk Saving Power

ENERGY SAVINGS ACTION PLAN

- Turn down water hater thermostat.
- Fill tub with hot water only enough to clean people.
- Wash full loads of laundry in cold water.
- Install water-saving aerators on all faucets.
- Rinse dishes in a pan, not under running water.
- Control the temperature setting on your refrigerator and use "Energy Saver" switch.
- Unplug your second refrigerator.
- Use the smallest cooking appliance.
- Cook whole meals at one time.
- Use energy-saving dishwasher drying cycle. Run only full loads.
- Replace incandescents with energy-saving compact fluorescents.
- Turn off lights when you're not using them.
- Use task lighting whenever possible
- Take advantage of available natural light.

### WARREN COUNTY COUNCIL SENIOR PICNIC

The annual picnic of the Warren County Council of Senior Citizens will be held on Sep 7 (rain date Thurs. Sep 8). All seniors are invited to attend. Serving will start at noon, although you may arrive much earlier if you wish. (There will be coffee and doughnuts for the early birds). The picnic will be held at the State picnic area on the Beach Rd in Lake George. Menu is grilled chicken, corn on the cob, rolls, butter, chips, watermelon, tea and coffee. There will be canisters to accept donations, and the suggested donation is \$1.50, but NO ONE will be denied a meal because of inability to pay. Because the Office for the Aging needs to know how many will be coming, please register to attend this by phoning 543-6161 (the Hague Community Center) before Aug 25. Two winners of the 30-30-40 raffle will be announced. . . ewa

### NATURE NEWS

Laura Meade

Do you know a youngster, age 12-14 years who enjoys the out-of-doors and learning about nature? If so, Camp Colby, a DEC Environmental Education Camp located near the Town of Saranac Lake is a great place..

This summer Gregory and David Fitzgerald, sons of Mike and Barbara Fitzgerald, Hague, attended Camp Colby, each for a week.

Greg, who will be a 7th grader, fortunately received a New York State Campership because of a cancellation by a student who was unable to attend. Dave, an 8th grader, was sponsored by the Carillon Garden Club. Both boys said in unison, "We had a wonderful time!"

Activities for first year campers such as Greg included 1) a game to identify trees by leaf shape (using a guide book): 2) a bog walk where they saw wildflowers such as purple loosestrife, pitcher plant and rose pogonia and animals such as three baby mink eating fish and 3) identifying birds such as loons, hermit thrush and broad-winged hawk. Dave, a second year camper, was allowed to select whether he preferred mountain climbing, walks in the woods or a canoe trip as the focus of his week's activities. He chose mountain climbing in the High Peaks. First, his group of two counselors and campers went up Giant Mt. and camped overnight at the base of Roaring Brook Falls near Keene Valley. The next day they scaled Noonmark, a rugged knob near the Ausable Club. Two days later they climbed St. Regis Mt. near Paul Smith's. They also visited the sewage treatment plant near Saranac Lake Village.

Other DEC camps include Camp DeBruce in the southern Catskills, Camp Rushford in western NY and Rogers Ecology Workshop (for 15-17 year olds) in Central NY. This year all DEC camps were filled to capacity.

\*\*\*\*\*

*You're not hard of hearing - you're hard of listening.*

### BAGELS ANYONE?

A new business has opened in Hague. The Lakeside Bagel Shop, owned by the Windle family officially opened its doors to the public on Wednesday, Jul 27. "We first visited Hague a few years back and it was then that the idea of a bagel shop in Hague came to us", said Brian Windle, a Suffern native. "As far back as I can remember, I've enjoyed hot bagels from the bakery on my street in Suffern. I wanted to provide the residents of and visitors to Hague with the same experience."

Located on Rt. 8, just north of the 9N and 8 intersection, this beautifully refurbished shop tempts the visitor with a variety of bagels, frozen yogurt, ice cream, cheesecakes and 20 varieties of coffee beans, plus espresso, cappuccino and cafe lait. A New York style deli offers a large selection of cold cuts, and delicious salads. Future plans include gourmet pizza.

The Windle family: Bert, Alison, Valerie and Brian are excited about their new venture and are gratified by the overwhelming response of their customers. If you haven't visited the Lakeside Bagel Shop yet, you will be pleasantly surprised by this sparkling and brightly lit shop. It reminds one of a quaint gourmet shop one expects to find in Newport, RI, Mystic, CT or Woodstock, VT. . . . RM

### WATROUS HOUSES IN HAGUE

"Chipwick" now owned by Mrs. William O'Brien, daughter of Dr. Tyler Dennett. The first owner was Dr. Robert Wier. I believe that Mrs. Watrous designed the original cottage. It had one of the large semi-circular porches characteristic of a number of her houses. The first house burned many years ago and was replaced by Dr. Wier. The circular porch was repeated in the new cottage.

"Sentinel Pines". This is the most striking of all the Watrous houses. Built by Walter Watrous especially for his mother, "Madame Watrous" was later owned by Miss Enid Alden. Later by Robert E. Henry Sr. in 1925 and then by Robert E. Henry Jr. and his three daughters. It has been bought by Dr. William Brennan.

### SENIOR CITIZEN CLUB PICNIC

will be held on Tuesday, August 23 at the Fish and Game Club. Each person planning to attend should plan to bring a dish to share. Please sign up by calling 543-6161 (Community Center) no later than August 18 so the committee will know how many hamburgers and hot dogs to supply.

NEXT FOOD DISTRIBUTION WILL BE AUGUST 30TH AT THE COMMUNITY CENTER FROM 1-2PM.

## ANOTHER NEW SIGN

As mentioned in the Arts Fair report, elsewhere in this publication, perhaps many people noticed the very attractive, "Arts Fair Today" sign at the intersection over the weekend of August 6 and 7. The Chamber asked Stan Burdick to put this together for promotion only two weeks before the Fair and we are very pleased with his efforts. The Chamber would like the other organizations in town to know that this "sandwich" sign was made purposely to hang other signs on in the future if necessary. The Arts Fair sign is attached by two hooks, and is easily removed. So - if any other organizations ever have the need to advertise something in town on a temporary basis, contact the Chamber for availability of the use of this new sign...ks

TO: All residents of Hague, Ticonderoga and Putnam  
FROM: The Ad Hoc Committee to protect Northern Lake George.

RE: Illegal mooring of boats off the DEC Rogers Rock Campsite.

Concerned citizens have been requesting our Lake George Park Commission and the DEC to prevent the illegal mooring of boats at the campsite starting with a letter to Michael P. White, Executive Director of the LGPC in April 1992. This has been followed by letters to Carl R. DeSantis Sr., Chairman of the LGPC, and communication with the DEC Region 5 Director Mr. Thomas R. Monroe, who recently retired. We have spoken personally and by telephone on at least 8 occasions with H. Gordon Burleigh of Ticonderoga, our regional representative on the LGPC and the Director of the Law Enforcement Committee and the Lake George Patrol.

We formally petitioned the full LGPC on August 11, 1993 at their meeting and petitioned Mr. Burleigh and the Law Enforcement Committee at their July 1994 meeting.

As of this date NOTHING has been done to stop this illegal mooring (not anchoring). Mr. Mark Lawson, Assemblyman King's aide in Ticonderoga, has personally involved his office with this request and has likewise been ignored.

Hundreds of boats (and even one seaplane) illegally moor here every summer. They use a Mediterranean Moor system as defined in Knight's Modern Seamanship, the nautical bible of the U.S. Navy. They secure their bow to the bottom and their stern to the shore so that the boat is Fixed. This is a mooring, Not an anchoring which is when "it swings to the combined effects of the wind and current." It isn't able to revolve 360° around the anchor. "If for some reason, the anchorage does not afford such an area, the ship must be moored." Definition from Pg. 257 of Modern Seamanship.

The LGPC required registration of moorings form, we pay \$25 for, states "A mooring is each buoy, pennant, flag, anchor, chain or other device which secures one boat offshore.

These campers pay no fee, moor their boats, leave them unattended, and retire to their campsites, not even

close to their boats, for the night or for days on end.

Residents with lakeshore property must PAY for their moorings. No fee is paid for these illegal moorings. A magnificent cement ramp is provided, FREE OF CHARGE for these campers. The boaters should be launched and hauled out when used for the day, NOT moored illegally for weeks.

All local residents who trailer their boats must pay \$5.00 to enter the campsite and tow their boats to the same ramp, launch their boats and Must haul their boats out at the end of the day and leave the Rogers Rock Campsite, trailering their boats. To allow this illegal mooring of boats by campers (over 40% of which are OUT-OF-STATE boats) is absolute discrimination.

The pamphlet of the LGPC for boaters states, "Anchoring and mooring are permitted anytime along State lands BUT BOATS MUST NOT BE SECURED TO SHORE." Mr. Burleigh should be enforcing his regulations.

The DEC letter from the Regional Director to us states, "The campground staff monitors the anchoring procedure and advises campers to stay offshore and anchor not more than one hundred feet from the shoreline. In the future we will advise all campers not to secure their vessels to the shore." - Dated 7/13/93

We have a local HAGUE ORDINANCE #1 of 19895 that prevents any anchoring of boats (except for fishing) less than 200 ft. from shore. We are requesting that this ordinance be extended to apply from the northern most Hague property line to the Waltonian Islands, south of Hague, not just from the Indian Kettles. The ordinance states "Said regulation be necessitated by the marked increase in anchoring of boats for prolonged periods in this area threatening reservoir of untreated drinking water and water supply systems of the property owners in this area, etc."

In conclusion we ask you to do the following:

- \* 1. Call H. Gordon Burleigh, our representative in Ticonderoga and ask him to properly represent us by stopping these illegal moorings. 585-3348 or 585-2202
- \* 2. Call Mr. Michael White, Executive Director at LGPC - 668-9347 and/or Mr. DeSantis, the chairman of LGPC, to protest their inaction.
- \* 3. Call Mr. John Beadnell at the Rogers Rock Campsite - 585-6746 and ask him to contact the DEC for proper enforcement.
- \* 4. Contact our Hague Supervisor Dan Belden at 543-6161 and ask him to revise Hague Ordinance #1 of 1985.

Respectfully submitted, /s/ John C. Glading

## APOLOGIES IN ORDER

The office of The Hague Chronicle was never notified that the magazine recycling bin location had been changed. Fortunately I heard just two days ago that it was at the Transfer Station. Unfortunately, today (the 14th) is the last day it will be there. We published the dates and the place as being The Community Center in July issue.

The next dates for collection are October 12 - 16. This and all future collections will be at the Transfer Station site. We are sorry for any inconvenience this has caused.

### SOUNDINGS

**BORN:** A girl, Haille Elisabeth, to Sonnet and Peter Van Patten on Jul 25, 1994 in Grand Rapids, MI. Proud grandparents are Martha and Conant Van Patten, Saratoga Springs and Silver Bay, NY.

**BORN:** A boy, Kenneth Robert, to Sue and Ken Deragon, Overbrook Road, Hague on August 5. Proud grandparents are Kitty and Richard Zacharenko.

**MARRIED** - George VanSickle, son of Rev. Lee and Nellie VanSickle of Silver Bay, and Stephanie White, daughter of Mr. & Mrs. Hugh David White of Toledo, O. on June 25, 1994. After sailing the Northern Labrador coast, they will reside in Lander, WY.

**MARRIED** - Michael, son of Mr. & Mrs. James DeLarm, Hague, to Patricia Staepel, Ticonderoga on July 16 at The Church of the Blessed Sacrament in Hague. The reception was held at the DeLarm's home.

**MARRIED** - Jennifer Lynn Henry, daughter of John R. Henry, P.R. and Geraldine Whitehead, Woodstock, GA, to Maximo Mejias, formerly of Venezuela and now living in Atlanta, GA, on August 7 in GA. Jennifer is the granddaughter of Dottie Henry and has spent most of her summers with her grandparents in Hague.

**CONGRATULATIONS TO MR & MRS CLIFFORD DECKER** who will celebrate their 65th wedding anniversary on August 21. They are life long residents of Hague! They have one daughter, 2 grandchildren and 3 great-grandchildren.

**MARY ANN IDA**, Mineville, was the lucky winner of the 3M Scientific Angler fly fishing outfit raffled off by the Hague Fish and Game Club.

### DOROTHY W. GOODFELLOW

was the guest author recently at the Silver Bay Association, where she autographed copies of the third edition of Growing Up Wild, the proceeds of which at the Silver Bay Assn. Gift Shop are to go to the maintenance of the String Quartet in residence.

Dorothy is a native of Hague, born here, attended District No. 2 on Split Rock Road, and Ticonderoga High School. For two years she attended the Silver Bay School. She is, as she says, "a true Adirondacker."

Ed: If you haven't read this delightful little book about growing up in Hague, be sure to get yourself a copy before they are sold out. It is a refreshing and interesting selection of incidents about people and places in this area.

*One Lump or Two? During the war, when food was being rationed a local restaurant had a sign on the wall that suggested, "Please use only one sugar cube and stir like crazy -- we don't mind the noise."*

**A SPECIAL THANKS** to the Silver Bay Property Owners Assoc. for its contribution to the Hague Chronicle. It is sincerely appreciated.

We also thank all the readers of The Hague Chronicle for their support and contributions. Without your support, we could not operate. A reminder for those new readers - The Hague Chronicle is an all-volunteer effort of a number of Hague residents who devote a lot of time and energy to the purpose of keeping you informed about what goes on in our town. We need your input and ideas. We are always interested in weddings, births, deaths, graduations, etc. etc. Keep the letters coming!

Admission for Ti High Football and Basketball games will be \$2.00 this year. Middle School and High School students will be offered an opportunity to purchase advance sales tickets in school for 50¢. The advance sales are for students only. If students do not purchase their tickets in advance, they will be required to pay the \$2.00 entry fee at the gate.

Golden Sentinel for Senior Citizens can be obtained at the Superintendent's office at 351 Amherst Ave.

Anyone having special parking needs, please contact Michael Vigliotti at the Ticonderoga Middle School 585-7442

### HANCOCK HOUSE GALLERY

Featured at the Hancock House Gallery from Aug 6 - 31 are oil paintings by Marion Brundige. On September 10 through September 30, Wendy Best will be showing her acrylic paintings and Mary Bowditch, water colors.

The Hancock House Gallery is a unique, small gallery, featuring many local artists from time to time. Located at Moses Circle in Ticonderoga, the gallery was opened in May 1990. It is open from Oct 15 thru May 31 on Wednesdays through Saturday from 10AM to 4PM; from June 3rd to Oct 15, the hours are Monday through Saturday 10AM - 4PM. Don't miss this beautiful building and gallery.

### GRANT APPLICATIONS AVAILABLE

Funds from the NYS Council on the Arts and Warren County are now available for cultural arts programs through the Decentralization Program. Non-profit organizations and municipalities are eligible to apply for grants for cultural programs scheduled for 1995. Application deadline is Oct 7, 1994; grants will be announced in mid-Jan 1995.

The Decentralization Program is administered by the Warren County Board of Supervisors and coordinated by Ann Smoczynski. Further information is available at 798-1144.

*They talk about a woman's sphere  
 As though it had a limit  
 There's not a place in earth or heaven,  
 There's not a task of mankind given,  
 There's not a blessing or a woe  
 There's not a whisper, yes or no.  
 There's not a life, or death, or birth  
 That has a feather's weight of worth,  
 Without a woman in it.*
