Landscape Questionnaire

To provide you with the best landscaping design service, we prefer to get to know you and your family and establish what it is you are looking to accomplish with your new landscape. The answers to the questions below will be used to ensure that your design fits your personality, activities, desires, and maintenance abilities.

After filling out this questionnaire, it is a good idea to read about Florida-Friendly Landscape design services and have a basic understanding of how this type of landscape can benefit you. To read more about Florida-Friendly Landscaping and Dameron Designs' landscape design services, please see our newsletter. After submitting your questionnaire, please allow 1-2 business days for someone from our offices to contact you.

Family Name: _____

Street Address: _____

City / State / Zip: _____

Allergies to Bees?

Yes No

Should Design Include Handicap Access:

Yes No

Enter E-mail Address (if applicable):

Please identify the amount of your budget you would be willing to spend on your project. This could be annually or total. We often break down projects into phases. This helps me to design within your budget and still accomplish your goals. If you don't really know what your budget might be, even rough numbers help with a target. We can always revisit preliminary estimates and explore different options. We don't want to design something that might be twice what you wanted to invest in the project. \$ _____ .00

Who will install your new landscaping? (Check all that apply)

- Will hire contractor to install everything
- Will hire contractor to install some things
- Homeowner will install everything
- Homeowner will install some things
