

FROM THE PRESIDENT

GaSCar April 2021 President's Message

In spite of the disruptions caused by the Covid 19 pandemic, our club continues to soldier on! According to the members that I talked to, combining *GaSCar Night at the Movies* with our regularly scheduled club meeting, worked out well. Mark Petry made a great choice with the movie titled *Teenagers from Outer Space*. It was really a lot of fun and many knowledgeable GaSCarians pointed out the various errors made by the movie editors and producers. As a side note, several members mentioned that the teenagers that they deal with on a daily basis often act like they are from outer space as well.

Although Lois and I, because of a prior commitment, were unable to participate in the Ridge Springs restaurant and peach orchards tour hosted by John and Sandra Moore, everyone that I spoke with talked about how beautiful the day was for a drive and that the restaurant meal was excellent. I was particularly impressed with the number of members who drove their vintage cars including a particularly beautiful 57 Cadillac that I haven't seen before. Personally, I have always enjoyed these 'Day Trips' as a chance to get my old cars out on the road. They seem to run so much better after a few

miles at highway speeds. John and Sandra's day tours are always exceptional and many members are looking forward to more trips of this type.

For our April meeting, Mac and Dot Winn have graciously volunteered to host a cookout/covered dish/ barbeque at their beautiful pool area in Plum Branch on April 17th. This outdoor area is large enough for us to enjoy each other's company and have our club meeting while still maintaining social distancing guidelines. This will be another good chance to get your antique car out and dust off the cobwebs. Lois and I would like to personally thank all the club members for your thoughts and prayers for our grandson Michael during his recent illness. He is doing better now but it was very serious for several days. God makes a difference. As always, remember to keep our sick and ill members in your thoughts and prayers.

Happy Antique Motoring!

Gerald Melchior

UPCOMING CLUB EVENTS

April 17th, COMBINED MONTHLY MEETING & LUNCH at the Winn's

Saturday, April 17th: Lunch at Mac and Dot Winn's, 106 Cottage Street, Plum Branch, SC. Mac and Dot have graciously agreed to host us at their wonderful home. They are providing the meat and side dishes but the club will bring drinks and desserts. If your last name starts with A thru L, please bring drinks. For the rest, please bring a dessert. For those that want to convoy, we will meet at 11:30 at Riverside Middle School, 1095 Furys Ferry Road, Evans, GA. This will also serve as our April meeting. Throw your chairs in, just in case we run out of places to sit. If you are planning on attending, please email Mike Lemons (mike@lemons.com) or text or call Mike at (706) 825-9254

Saturday, May 22nd: Lunch at Don & Brenda Waters, 6696 Ridge Road, Appling, GA 30802. For those that want to convoy, meet at 11 AM at the old Winn-Dixie on Columbia Road, 4487 Columbia Road, Evans, GA (sort of across from the Auto Zone) just on the Appling (west) side

2021 GaSCar Officers

President: Gerald Melchior

Vice President: Jerry Jason

Treasurer: Scott Wilkes

Secretary: Mike Lemons

Many thanks to John & Sandra Moore for planning our "Lunch Away" to Ridge Spring, SC. They even hosted a "pit stop" at their place and fed us blueberry muffins, coffee, etc.

March Monthly Meeting Minutes

GaSCar held it's monthly meeting at Fox Appliance on March 20th in conjunction with "Movie Night". Other than normal announcements, the only order of business was voting for the 2021 GaSCar By-Law changes. Those voting in person as well as those that had voted by email or in person were sufficient to pass the changes with a majority of the members voting in favor of the changes.

Good to see some of our newer members drive their cars for our "Lunch Away"

Lori & Anthony Grinnell's 1957 Cadillac

I was a little concerned that John had lost his sense of up and down but he did manage to get the motor in the right position in the chassis.
