VOLUNTEERS NEEDED

Since 1996, we have gathered 812 tons of debris from the city's Lake St. Clair shoreline. Our 100% volunteer event encourages and counts on everyone to join our efforts to clean-up the beaches and shoreline every year. Volunteers are vital to the event's success. Throughout our efforts, our Clean-up has grown into a tremendous done in a day event—one of the largest in the Midwest!

Please bring rakes, gloves, boots, and waders

Care for Lake St. Clair!

Great fun for families and groups!

COME RAIN OR SHINE

Only thunderstorms will postpone the event
