

Growing in Our Faith (Education/Discipleship)

Education ministries provide learning opportunities that foster growth and spiritual development that enrich our relationship with God and the world around us.

We offer learning opportunities for children through our Christian Education class, Faith Walkers, during the worship hour and several Fun Days throughout the year. During our community dinner on Monday night, we offer a time of learning/crafts for the children who join us.

Our youth group meets monthly with Hope United Methodist Church.

Adult opportunities include two Sunday morning classes (Alleluia Gathering and The Journey) as well as short term topical studies throughout the year. A new member class is offered during the year for those who are interested joining in our community of faith.

Our pastor and leaders of our church participate in learning/educational opportunities throughout the year through webinars, seminars and the West Ohio Annual Conference workshops.

The church works to create a welcoming and inviting place for all. Our church provides meeting space for Narcotics Anonymous and Parkinson's Support Group. These groups provide support and education for individuals going through personal and family health issues. We also provide meeting space for Rotary International and 4-H groups. 4-H is a great organization that teaches life skills to young children, while the Rotary group's primary motto is "Service Above Self."

*"If you believe my teaching, you are really my disciples."
~John 8:31*
