

ABOUT PRESENTING FOR KIDS

Presenting for Kids caters to children between the ages of 8 and 11 and teaches them the fundamentals of making a positive first impression. We combine proven teaching methods with hands-on learning through engaging activities to make lessons fun but effective. We cover everything from introductions and question asking to story telling and public speaking. By the end of the course, students have a solid foundation for navigating through almost any communications scenario.

Topics covered include:

Introductions

- First time introductions
- Adult vs. child intros
- Role of non-verbal communication

Oral Presentations

- Organization
- Delivery
- Role of the audience

Question Asking

- Basic how-tos
- Structure
- Follow-up

Body Language

- Definition
- Importance
- Common tools and errors

Art of Conversation

- What's after, "Whats up?"
- Common ground
- The other person

Awkward Topics

- Managing awkward topics
- The non-answer
- Gracefully declining
