Admission of Non-Resident Students

NW BOCES shall upon referral by non-member district personnel or Department of Family Services Caseworkers, consider the acceptance of non-member district students. However, the NW BOCES Board establishes the following criteria; (1) the acceptance of the non-member district student shall not deny a member district student a placement, (2) the acceptance does not require NW BOCES to add additional staff or programs, (3) the Board shall set the tuition and maintenance charge the non-member will pay, (4) the acceptance shall not add requirements to NW BOCES beyond those already required by Wyoming Department of Education and Wyoming Department of Family Services.
