TALE-LITE

November 2017

GENERAL MEETING: Thurs. Nov. 9th

Red Rose Centre -1233 Derry Rd. E.,

(N. side of Derry – Entrance W/B on Derry from Dixie)

REFRESHMENTS from 5:30 pm....DINNER at 6:00 pm

Please join us on November 9th for an evening with [Mack Trucks Canada](#), members of their staff, along with their Toronto region dealers and clientele. Once again, we are pleased to be having Curtis Dorwart, Refuse Product Manager for Mack Trucks Inc., up from the US. to present the new Anthem (see page 2), as well as the changes to the Granite, Pinnacle and Cabover interiors. Mack will also make their annual award presentation of the Mack plaques to the top three apprentices in the ATSSA MAP program at Centennial, and considers it a great time for us to show these newcomers what the Mack “Community” is all about.

Mack usually attract a large audience, so get to your seat early!

Remember to bring along, as your [guest](#) for the evening, any [Fleet Maintenance Supervisor](#) –the people the ATSSA was established for-as a potential member.

NOTE: So as not to detract from Mack’s presentation, and in deference to our [election](#) process required at this time-(see page 3 & attachment)-ATSSA business will be conducted after Mack’s presentation has been completed.

GENERAL MEETING-Oct. 12

We had a very nice and informative meeting, with two very articulate hosts.

Peter Collins, Vice President for Maxon Lift Gate, together with Charlie Yakub, did the honours for Maxon. Peter explained how the most cost-effective returns are realised when the most appropriate specifications are selected for the application. An on-line app is available for spec'ing through the Maxon web. Charlie then reviewed the importance of adhering to the recommended PM schedules; also available on-line. Items such as ensuring proper voltage; clean connections are essential to maximising the life span of solenoids. Also mentioned was that galvanize is now the new available standard, with Maxon having their own on-site galvanizing plant. For more information please go to: www.maxonlift.com or call 1-800-227-4116 for Technical support.

(Continued from page 3)

Mark Burns, Marketing Manager for Pro Force, together with Jim Lane for Ontario & Atlantic Canada, reviewed the offerings of Pro Force. Products handled include Delco Remy, Fontaine Fifth Wheel, Permatex, Optronics (lighting), along with CVG products (such as seats & seating systems & various components for a variety of vehicles. For more on CVG please go to

www.cvggrp.com. and customer service at 256-447-3354. Also reviewed were the speciality polyurethane bushings that can be found on their suspension parts such as torque rods, fifth wheels, shackles & bumpers (www.atrobushing.com). Delco Remy: Brushless alternators (eg the HD 40SI) with remote sensor reducing battery charge time up to 50%; also starters with an integrated magnetic switch that reduces arcing with the solenoid, enabling more efficient engagement. For more information, contact: Peter at 647-284-8667 or Jim at 647-274-3251.

Thanks again to Peter & Charlie & Maxon, and to Mark & Jim & Pro Force -for an excellent presentation and evening!

Remember to favour those who support the ATSSA!

50/50 Draw - Winner of our Draw was George Yanos of U-Pak Disposals, with the other 50% directed to our ATSSA MAP scholarship apprenticeship fund at Centennial College.
