About Us

Heart the Moment is all about delighting in the present and living in the Now. Its groundbreaking line of colorful and uplifting greeting card tiaras was soon followed by a collection of smile inducing DoorKnob Hangers. New for 2016: A full line of WishWands to celebrate the fairy princess in all of us. Join us in celebrating the moment with Heart the Moment!

These tiaras, DoorKnob Hangers and WishWands are collaged by Fern Solomon from vintage designs. For the past 30 years Fern and her brother Jacob have been the makers of Jacob's Musical Chimes, a collection of finely tuned, high quality windchimes. She is also the owner of Fern's Garden, the award winning Long Beach, California, gift store featuring the work of American and fair traded artisans.
