The Tournament Committee has sole discretion in this matter.

Inclement Weather:

In the event that the tournament has to be cancelled in whole or in part, the Sheffield Invitational will not be responsible for any expenses incurred by any team. If tournament is cancelled prior to start of the first game of tournament, every measure will be taken to refund a portion of the entry fee after out-of-pocket expenses are deducted. NO refund will be granted once tournament has officially began at kickoff of first game due to cancellation due to weather.

In case of lightning, Tournament Director will clear the fields with one blow of the air horn. At this time all coaches, players, and spectators are required to seek shelter in their cars. After 30 minutes of no lightning within a 10 mile radius of complex, two (2) short burst of the air horn will signal retaking of the field. Teams will be given 10 minutes to warm-up to resume game(s). Games that have already started the second half may be deemed Complete and all games may be shortened to accommodate finishing tournament.

Matters Not Provided For:

Any matters not provided for in these rules shall be determined by the Tournament Director, whose decision will be final.

Bixby Soccer Complex and City of Bixby Rules:

- No pets
- No smoking or tobacco products of any kind. Including Vaping.
- No alcohol
- No firearms
- No glass containers
- Only security and tournament officials will be allowed on complex property before the complex is open, or after it closes
- No warm-ups in the penalty area (this rule will be strictly enforced!).

Tournament Heading Policy:

1. U11 and younger. U.S. Soccer recommends that players in U11 programs and younger shall not engage in heading, either in practices or in games.
2. U12 and U13. U.S. Soccer further recommends for players in U12 and U13 programs, that heading training be limited to a maximum of 30 minutes per week with no more than 15-20 headers per player, per week.
3. All coaches should be instructed to teach and emphasize the importance of proper techniques for heading the ball.

To clarify: U12 and U13 can head the ball during the game but are limited in practice. U11 and younger cannot head the ball during practice or during a game. Referees have been instructed to handle heading in the following manner: "[A]n indirect free kick (IFK) should be awarded to the opposing team from the spot of the offense. If the deliberate header occurs within the goal area, the indirect free kick should be taken on the goal area line parallel to the goal line at the point nearest to where the infringement occurred. If a player does not deliberately head the ball, then play should continue."

What if you have U11 or younger players on a U12 team? During the game the referee does not know if a player is younger and will call the game based upon the age group of the team. The player will be treated as a U12 player during the game but the coach should inform the parents of the heading recommendations and possible safety concerns of playing up. The player should be instructed to avoid heading.
