

Utopia Freezer 2013

On January 12, nine hardy souls showed up at the Little Creek Range, eight of whom were ready to shoot. The ninth was just there for the fun, fellowship, and BS. For the second year in a row, we were rewarded with a pleasant day.

Due to the small number that turned out. The .22 and 6mm classes were combined. After drawing benches, we got down to business. This match is shot at 200 yard score targets that are placed at 300 yards. That will humble most anyone.

When the dust settled, Darrel Martin had scored a new freezer record of 245 - 1X. Ron Parker followed with a solid 243 - 3X, and Joe Duke was third scoring 238 - 1X. Darrel was shooting his .22-250, Ron shot a 6mm, and Joe shot his .22BR

After the shooting, we gathered around the campfire for some sausage and a lengthy "discussion" session. With AJ present, you can imagine the lively "discussion". Nuf Said!

See you all next year.
