

Big School Section Lake

PARK ASSOCIATION, Inc.

Dousman, Wis.

Incorporated 1955

June 2016

The logo at the top of this newsletter was used on newsletters that were sent out by the Lake Association prior to the formation of a Lake District. It was also used for a newsletter logo after the School Section Lake Management District was formed.

It has been many years since we had a newsletter and your Board wanted to take this opportunity to communicate with the residents and property owners in the Lake District.

New Board Chairman

Mitch Vogel had to resign his position as Chairman of the Board and he appointed Frank Arndorfer as his replacement on the Board. The Board then voted Frank as the Chairman. Please welcome Frank to this position and thank Mitch for his past service.

New Website

A web site www.schoolsectionlake.org has been set-up to make information about the Lake easier to locate. Please take time to see all of the information that is available on that site. We will be adding more information over time. If you have any old photos of the lake that you would be willing to share please contact Don Solberg (262) 443-1200 or dsolberg@wi.rr.com

Informational Sign at the County Boat Landing

The County graciously agreed to put up an informational sign at the County boat landing

and we will be using this to also distribute information.

The public notice for all of our District meetings will be posted on this sign, as well as the three Town of Ottawa official notice signs. The agendas, as well as minutes of the meetings and the treasurer's reports are also available on the Web site.

Lake District Picnic!

It has been a long time since we held an annual picnic and with all the new residents it was felt that this would be an excellent opportunity to meet our new neighbors. The Lake District picnic will be held on Saturday, August 13th starting at 3:00 PM, at the Elsa Ave. access to the lake. Sunday will be a rain date, if Saturday gets rained out. Please bring your own beverages, a dish to pass, and lawn chairs. We will have some grills and tables available. Plates, utensils, and napkins will be provided.

We hope to see you at the picnic!

Weed Harvesting

We have unusually clear water this summer and as a result of that we have more weed growth than last year. The harvester however is running much better after the off-season maintenance work, and we are getting caught up with the weed cutting.

Respectfully submitted,

Don Solberg, Secretary, School Section Lake Management District
