New Network Marketing Lead

Hello _____, my name is _____ and I am an Account Executive at Vitacube Systems in Denver, CO. V3S is a start-up nutrition company that has spent the last three years marketing a unique complete vitamin and mineral system to professional athletes, doctors, and individuals like yourself, who use nutritional supplements and are looking for a way to simplify their current routine, or who are just looking for something new.

What kind of vitamins/minerals do you currently use?

Can you see yourself consistently using a convenient, easy-to-use vitamin system?

Do you know other people that might use a vitamin system?

Great! I would like to tell you about an exciting ground-level opportunity that you would be ideal for. It's called Vitacube Network. Through a home-based business opportunity, we offer a product line with universal appeal and a compensation plan that rewards you for the efforts you make. There is no large financial commitment to become a distributor and you can work as little or as much as you like!

It's as simple as ABC:

- You can begin your business distributing as an Associate, Broker, or Consultant.
- There is an initial one-time investment of \$40 for your starter kit which includes all product forms and instructions on how to run your business.
- In order to receive your commissions each month, all you need to purchase is one Vitacube (\$75) per month for your own consumption.
- Vitacube Network pays out 6 levels of commission at 6%.
- We use "dynamic compression" and "roll-up" techniques to ensure that 40% of every dollar the Vitacube Network makes gets paid out to distributors.
- You can purchase Virtual Office software to track your progress, commissions, and your distributor's success.

It will just take a few minutes to get you started! How do you spell your last name?
