Client: Bella Vista Suites (*Lake Geneva, WI*)

Project Manager: Jim Bax

Project Superintendent: Joe Mascio

Project Description: In the Spring of 2013, Bella Vista Suites hired J.Gill to perform concrete repairs to the resort parking structure. The lower level was experiencing severe corrosion on the steel beams and columns supporting the upper parking deck. Miscellaneous concrete repairs, sealants, and a waterproof membrane system were applied to the top side. All the steel members in the lower level were sandblasted and painted. The electrical and light fixtures were also updated.
