

Dear Father Judge Cross Country Booster Club,

Thank you for your contributions to our Father Judge Cross Country team. I was more than excited to learn that my athletic fee was going to be covered in full because of the generosity of our benevolent supporters. I wanted to personally thank you for your generosity in respect to our program and myself. It has been an honor for me this year to represent Father Judge while participating in many Cross Country races. Looking back, I know for sure that our success this year as a team would not have been possible without the continual support of our alumni. There isn't a school in the world I would take more pride in being a part of than Father Judge High School, and no Cross Country program I'd rather be a member of. My teammates and I did everything in our power so that all others who saw us were amazed with our sense of pride, dedication, perseverance, and respect of others. I hope to graduate from Father Judge and surely donate back to the program that allowed me to grow spiritually, mentally, physically and in discipline. There is no sport that requires such a will and determination like Cross Country, and there is no school that motivates to implement this will and determination like Father Judge. Thank you for your sponsorship of me as a Cross Country athlete and as a Salesian gentleman, I hope to make all alumni of Father Judge proud in various races, in the classroom, and in my community. Thank you for your continual support of our team and may God bless us in our quest to making your donations meaningful and making all Father Judge alumni proud always.

Thank you,

Thomas Quarry
