

54 Green Acres CANNABIS

Released for 2019 is a limited quantity of 750 pounds of fine, organically sun-grown cannabis. All of our flower is grown from our 54 Green Acres genetics and all of our flower has been nurtured in our green houses. Our farm follows strict organic processes and is certified by the gold standard in cannabis certifications – Certified Kind™. All of our cannabis is tested for the required OLCC Oregon compliance tests. We also provide detailed terpene testing of each strain to insure the unique taste, aroma, and percentages of terpenes that make 54 Green Acres the market leader in high terpenes and high THC.

The finest cannabis is produced at our farm located in Oregon's Emerald Triangle in Josephine County, Oregon.

For 2019 we produced 5 Indica and 5 Sativa strains.
