[SHOP AMÉO PRODUCTS](#)

A new way to align key physiological systems to promote optimal well-being.

**Includes:** 1 box of Améo Hemp CBD Squares (30 count)

## **CERTI-5 CELL ACTIVE & PERMEABLE**

### **CELL ACTIVE & PERMEABLE**

Performed by Laser Scanning Confocal Microscopy. Demonstrates that Améo essential oils are absorbed and retained in the cell and determines how the essential oil impacts the local cellular environment.

### **MEETS SPECIFICATIONS**

### **MEETS CLINICAL GRADE STANDARDS**

### **MEETS SPECIFICATIONS**

## **SUPPORTING DATA**

### **IR IDENTITY:**

Infrared light is passed through a sample in a range of frequencies to measure the amount of light absorbed; then the potency and quality of the oil is determined by identifying its overall structure compared to a high standard.

### **MEETS SPECIFICATIONS**

### **ORGANOLEPTIC:**

Tests the basic aspects of the product as experienced by the user's senses, such as sight, smell, touch and taste.

### **MEETS SPECIFICATIONS**

### **HEAVY METALS:**

By utilizing Inductively Coupled Plasma Mass Spectroscopy (ICP-MS) testing, product samples are separated into individual elements and analyzed by our experts, giving us parts per billion resolution of potential contamination. We test for hazardous metals such as arsenic, cadmium, lead, and mercury.

### **MEETS SPECIFICATIONS**

### **MICROBIOLOGY:**

Checks for hazardous pathogens such as coliforms, plate count, yeast and mold, E. Coli, salmonella, S. aureus, and P. aeruginosa throughout the manufacturing and production process.
