

EXPERIENCE PHCC MEMBERSHIP AT A 50% DISCOUNT!

For the first time ever in the 128 year history of the PHCC, we are offering an introductory membership rate at more than 50% off the full rate for the first year of membership. With these economic times, we feel we can offer the contractor the "experience" of PHCC at a reduced rate to increase the exposure to the value of membership in our Association.

Here are just a few of the benefits of membership:

Industry Representation- PHCC membership gives you a voice with today's Legislators, giving you the lobbying edge on a State and National Level.

Networking Opportunities- Local, State and National meetings help you learn from others who have "been there, done that."

Education and Training- Access to education and business management expertise, all at a money saving discount and many programs are free to members.

Scholarships- For Contractor Member families and the family members of their employees on a state and national level. (Over \$100K awarded in 2016)

Latest News- With National, State and Chapter subscriptions, you will be kept up-to-date on your industry.

Professional Pride- Proudly display the TAPHCC logo with promotional materials provided and in a format for advertising.
