Our Vision: To preserve the culture and heritage of Modoc County for the enjoyment of future generations.

2024 GRAND MARSHALL *FLORENCE BORDWELL & FAMILY*

The Modoc Heritage Foundation is pleased to have Florence Bordwell & Family as the 2024 Grand Marshall.

Florence Youngblood Bordwell was born in Alturas and raised in Davis Creek, moving to Surprise Valley her 7th grade year and went on to graduate from Surprise Valley High School in 1961. Meeting her life partner, Kenneth, during high school they were married in 1961 and the rest as they say is history. Kenneth and Florence brought three children into the family; Bill, Donna and Julie and they have given Florence lots of grandchildren and even some greats.

The Bordwell family has been involved in raising cattle and sheep all these years and has shown cattle at the Modoc District Fair. Their family was instrumental in starting the Novice Round Robin class where Florence remembers Landon Brown being the first winner.

Florence has been entering still exhibits for over 50 years. She only entered 7 or 8 entries her first year and now she has topped out at 150 plus. Florence enjoys entering photography, canning, produce, leather work, baking, floral and her two favorites now are crochet and collectibles. The family have been recipients of several awards over the years, one being the Blue Ribbon award for Outstanding Contributors & Volunteers from the Modoc District Fair Board.

They organized and were involved with the Surprise Valley Wool Pool for many years and Florence can also add to her credit of being a 4-H leader for over 25 years.

The family sadly lost Kenneth and few years back, but Florence is still going strong and at 80 she helps with branding, vaccinating, moving cattle and irrigating. If you drive by the ranch you will likely see her working in her garden. She says she will keep entering at the Modoc District Fair as long as she can.

Congratulations Florence and Family, Surprise Valley is blessed to have you!

JUDGING

- **EXHIBITORS** may **NOT** talk to the judge during judging. All buildings will be closed during judging.
- This Fair uses two judging systems to evaluate all Building Exhibits (below). Juniors: Danish System of Judging; Peeweeps: Not Judged; Seniors: American System of Judging.

Danish Judging System

JUNIORS unless otherwise noted -

The entry is judged based on an established standard or quality rather than how it compares to other entries. There can be several entries receiving blues, reds or whites. There is no further breakdown within the category.

American Judging System

SENIORS - The American System: Entries are judged in comparison to other entries and placed in a numerical order of 1st, 2nd, 3rd, etc. place.

This system awards only one entry per position.

THE DANISH SYSTEM IS USED TO -

Encourage exhibitors to do their best and strive to reach the highest levels even if they are not quite there yet. It helps people become better instead of just rewarding the best. It keeps the event populated and alive.

The Danish system rewards achievement more than individuals. The goal, especially for young people, is to cooperate to reach goals more than to compete against friends for ribbons.

Purpose: The primary purpose of the Herdsmanship Awards is to encourage exhibitors to demonstrate excellence, both in the care of their animals and in presenting them to the public. A secondary purpose of the award is to encourage exhibitors to practice good citizenship and communication with the public. In keeping with this purpose, **barn duties are the responsibility of the exhibitors, not leaders and/or parents.** Please be aware that this award is specific for single exhibitors but does not discourage Club/Chapter participation (if stall decorations are a part of Club/Chapter decorations, they will be used as part of this point system. All other portions of evaluation will be the sole responsibility of the exhibitor).

Areas of Evaluation: The following areas will be considered in the daily evaluation for this award:

Total of 50 Points:

Welfare of animals 10 points

Animals appear to be properly taken care of, are healthy & clean.

Walkways & Alleys 5 points

Walkways & alleys are kept clean, orderly & free of obstruction.

Pens, Stalls & Cages 5 points

Bedding is adequate, clean & dry. Pens, stalls and cages have clean and adequate water.

Representation 5 points

Stall Decoration 5 points

Decoration follows the MDF theme, shows originality and creativity. No lights of any kind. (2024 MDF theme is "Biscuits, Boots, & Country Roots").

Judging:

All species will be judged on an "official basis" twice (2) times/day during the fair. These formal evaluations will take place Friday and Saturday of the MDF using a set scorecard. In addition, there will be several "spot checks" done throughout these days with these scores being used to "break ties". These ratings will not be posted by the judges.

Awards will be given to the highest placing Senior and Junior exhibitor per species. A \$50 cash award as well as a T-Shirt will be awarded to each winner. MODOC DISTRICT FAIR ~ RANCHERS DAY ~ 2024 Official Event Rules

RANCH CUTTING

This class is judged on the ability of the horse to work a cow by separating it from the herd, driving it to the middle of the arena and holding it to demonstrate the horse's ability to work the cow.

- 1) A single numbered cow is cut from herd and horse must demonstrate its ability to work that cow.
- 2) The objective will be to cut one designated cow from the herd and work the cow with the assistance of two turn back riders and two herd holders.
- 3) Cattle to be located at one end of the arena. Designated cattle will be clearly marked with numbers. Cattle numbers will be drawn after class is closed and prior to class starting.
- 4) There will be a 2-1/2-minute limit. There will be a 1-minute time notification and a buzzer for completion notification.
- 5) Each exhibitor must work two head. The rider must work the designated cows within the 2-1/2-minute time limit.
- 6) Time will start when the rider crosses a time-line just prior to entering the herd.
- 7) The rider will then quietly separate his/her numbered cow from the herd.
- 8) Credit will be given to those horses who demonstrate excellence in the herd work, driving and setting up the cow to cut, working in the center of the arena and degree of difficulty of the cow drawn, within the 2-1/2-minute limit.

SCORING: 100 percent will be judged on the horse's performance and natural ability.

* The horse will not be penalized for being reined during the cutting portion but should display natural ability.

* Unnecessary roughness or disturbing the herd excessively could result in a disqualification.

* Contestants are responsible for their own two herd holders and two turn back riders.

* If the number of cattle permits, the judge may, at his discretion, award new cattle to enable for a contestant to show his horse's ability.

Refer to deductions/penalties judge's will assess during your performance (table top right column).

Bridles and Bits: Any bit is legal provided nothing extends below the bars of the bit. A bridle is defined as a curbed, shanked bit. Chain bits are legal provided there is no gag or slide. Must use a leather curb strap. Contestants will not be allowed to use any device that gives him/her undue control over the horse such as:

- Tie Downs
- Mechanical Hackamores, Quick Stops, etc.
- Martingales
- Nothing may be around the horse's nose.
- Gag Bits
- Wire on the Curb Device or any part of the Bit or Headstall.
- Bits must be free of mechanical device.

WORKING COW HORSE

No Dry work. No time limit. At the start of the work each contestant, will select a cow from the herd, shall hold that cow on the prescribed end of the arena for a sufficient time to demonstrate the ability of the horse to contain the cow at that end. Riders are allowed to select a second cow before going down the fence. After a reasonable amount of time, the contestant shall take the cow down the fence (announcer stand side), making at least one turn each way on the fence.

WORKING COW HORSE (CONT'D)

Then the contestant shall take the cow to an open part of the arena and circle the animal at least once in each direction. The required pattern for the cow work is: boxing, fence turns, and circles, in that order. If the cow drawn is unreasonably difficult or unworkable, only the judge may award a new cow. Once a rider has committed to circling a cow, if the cow falls down no new cow will be awarded. The rider should complete the run by riding around the fallen cow to fulfill circling requirements. NRCHA rules apply. No fingers between your reins. No slipping of your reins. 60-80 points. **Pull up rule applies.**

RANCH HORSE

One animal will be turned into the arena, you must work cow unless judge calls for a new cow. A new cow will only be given at judge's discretion. Reining cow horse rules will apply, there will be no fingers allowed between the reins. Horse and rider must box the cow at the same end of arena to show horse's cow sense. Contestant will then allow cow to run at least 2/3 length of arena (announcer stand side), and make one good turn each way on the fence. Rider will drive animal to put in the pen. Rope can be taken down and loop built any time after second turn on the fence and rider has declared himself to be pushing the cow towards the pen. After releasing cow from the pen rider will rope animal around the neck or neck with one front foot, dally and stop cow and have cow face up, only two loops can be thrown. The rider with rope still on, returns the animal to the catch pen. There will be a 2 ½ minute time limit. The time will stop when the cow is roped and faced up. Hackamore or ring snaffles can use two hands; all others must use one hand on the reins. If the first loop is missed, there will be a 5-point deduction, if the second loop is missed you are disqualified. If the rider touches the ground or the rider loses his/her rope, it is a no time. The rider must use the same rope he starts with. Fence work 60-80 points. Roping score 60-80 points. Points will be combined for a final score. **Pull up rule applies. A leather curb strap is required for the ranch horse class.**

TEAM SORTING

A 4-man team will sort cattle out of a designated group of cattle. There will be three groups of numbered cattle 0-9, for a total of thirty head. One rider in the herd at a time. The rider must sort the designated number called by the announcer and bring cattle out of herd between two barrels then continue to sort the next consecutive number.

TEAM SORTING (CONT'D)

Any cattle not going between the barrels, stops your time. Any wrong numbered cattle crossing the line of two barrels stops the teams' time. The most cattle out in the fastest time, wins. There will be a 3-minute time limit.

TEAM DOCTORING

Ranch doctoring is a 4-man event with a 2-minute time limit. The arena will have two barrels at about 1/3 of the arena. Riders will cut ONE of the designated numbered cattle out of the herd. Designated cow may only be cut from the herd and removed between two barrels. Only one person in the herd at a time. Header cannot throw loop until cow has passed through the barrels. Designated cow may not return to the herd once brought through the barrels, if the cow returns past the barrels, you get no time. Legal head catches only; neck or neck and one front foot. Figure eight is OK on one front leg but not two. Illegal head catch may not be dallied. The designated cow can be heeled in far 2/3 of the arena. The vets may leave their horses after header and heeler face. The vets then set the ropes (both front and hind feet) and place a caulk mark on the cow between its eyes. The time starts when the drawn number is given, and the flag is dropped. No more than 4 loops can be used, one loop per rider. The vet will raise both hands to signal end of time. You can and will be flagged out for any unnecessary roughness. Arena Directors decision are final.

TRAILER LOADING

- 1) Limit to 2 loops and 2 minutes.
- 2) 4 team members participate.
- 3) Time begins when team crosses the line.

Calf must be headed before heeler can make his catch. The heeler may catch one or both hind feet. The ground crew may assist in removing illegal catches or dropped ropes but must return to the designated area before another loop is thrown. As soon as calf is headed and heeled, ground crew may leave designated area, throw calf, place head rope on both front feet and, if necessary, place heel rope on both hind feet. If any roper falls from his horse, ground crew can only grab rope to avoid accident. Calf then must be released, and if roper is able to remount with no equipment failures, then he can re-rope his designated end and team run can be completed. You may carry the iron with you. The iron cannot touch the ground and the calf can't be branded until all 4 feet are stretched. All four feet must remain in the stretched ropes while brand is placed on calf. Ground crew must return to the designated area after each calf is "branded". Brand must be properly placed. A misplaced, upside down, or backwards brand will be a disqualification. On the last calf, after the brand is placed, the ground crew returns to the designated area and puts the iron in the bucket for time. If any roper falls from his horse, ground crew can only grab rope to avoid accident. Calf then has to be released, and if roper is able to remount with no equipment failures, then he can re-rope his designated end and team run can be completed.
