Guest Speaker

Presented by Jason Hicks, CAFM
Manager of Security & Emergency Preparedness
Turlock Irrigation District

Jason Hicks serves as the Manager of Security & Emergency Preparedness for the Turlock Irrigation District. He has served in that role fulltime, since 2016; but began serving in the security and emergency management field in early 2015, alongside his other duties. Prior to that, Jason served as Fleet Manager, and other fleet & facility management positions with the District since joining TID in 2003. Before entering the fleet industry, Jason was responsible for overseeing facilities and maintenance management of manufacturing facilities, at Tier 1 suppliers of the General Motors/Toyota Joint Venture manufacturing plant, NUMMI, in Fremont, CA. Prior to that, Jason had a career in law enforcement.

Jason has extensive training and a work background in quality management, operations management, asset management and law enforcement. Jason has spoke numerous times at NAFA National and Regional Events, has served as a NAFA Officer/Committee Leader in both his local chapter and at a National level.

Jason holds a B.S. degree in Operations Management from California State University, Stanislaus and his Certified Automotive Fleet Manager (CAFM) designation. Jason has been an active member of NAFA since 2004, prior to his move to the Emergency Management Field in 2016.
