

To reintroduce the education of the workings of government to all students in the United States in schools that receive any type of Federal funding.

The Educational Act of 2025

Section 1

Any school or school system receiving Federal funding or Federal aid must adhere to the educational schedule described below, or it must forfeit all Federal funding and Federal Aid for the year following failure to adhere.

At grade 9 one full semester must be taught to all students: the history of the formation of the federal government 1775-1888 and a full semester of Civics in the United States and one full semester of the history of the United States from 1492 to 1750..

At grade 10 one full semester must be taught to all students: the history in the United States of the Democratic, Republican and major independent parties from 1775 through today and one full semester of the history of the United States from 1751 to 1850.

At grade 11 one full semester must be taught to all students: the history of other major forms of federal governments used around the world from 1775 through today and one full semester of the history of the United States from 1851 to 1950.

At grade 12 at least one full semester must be taught to all students: one full semester of the history of the United States from 1951 to the current year; one full semester of US/world geography.

Section 2

Each participating school shall administer a final exam consisting of at least twenty multiple choice questions for each of the classes listed above and have a combined average grade of at least 70 for the school to receive Federal funds for the following calendar year. The multiple-choice questions shall be determined at the state level and used uniformly throughout the state.

Section 3

The above schedule must be implemented by September 1, 2026, to receive Federal funds in the following year.
