

Leaky Gut & Food Sensitivity Panel with Alletess Medical Laboratory

Do you have leaky gut syndrome?

Are you experiencing digestive issues, unexplained weight gain, skin problems, or other health issues that may be related to food sensitivities? Do you want to take control of your health by identifying which foods may be triggering your symptoms? Look no further than Alletess Medical Laboratory's Food Sensitivity Panel IgG.

Food sensitivity testing is a cutting-edge diagnostic tool that uses advanced technology to analyze your immune response to certain foods. By monitoring these markers, you can gain insight into the root cause of your symptoms and take proactive steps to manage them.

With Alletess Medical Laboratory's Food Sensitivity Panel IgG, you can:

- ✓ Get a comprehensive look at your immune response to a wide range of foods.
- ✓ Identify which foods may be causing your symptoms, including digestive issues, skin problems, and more.
- ✓ Work with your healthcare provider to develop a personalized treatment plan that addresses your food sensitivities.
- ✓ Get accurate and reliable results that can help you improve your overall health and wellbeing.

How to get started?

Schedule a in office appointment with Dr. Sonya. After taking your health history and evaluation, she will collect a blood sample and send it to the lab for processing. Once your sample is received and analyzed, Dr. Sonya will give you your results in the follow up visit and provide you with a personalized report that includes easy-to-understand explanations of your results and actionable recommendations to manage your food sensitivities.

Don't let food sensitivities control your life. Take control of your health with Alletess Medical Laboratory Food Sensitivity Panel. Order your food sensitivity testing kit today and start identifying which foods may be causing your symptoms.
