The Reverend's Ruminations – September 2020

Volume 1, Issue 6

First Congregational United Church of Christ

Believe it or not, “summer” as we know it in Minnesota is nearly gone! Sure, there will still be plenty of warm—even hot—days in September, but even with a fairly late Labor Day, it somehow seems like summer never quite reached its full potential. Sure, we’ve had a couple good ol’ fashioned heat waves to remind us of the season; but with the ongoing pandemic, so many of the fun annual summertime events we know and love have had to be cancelled—some for the first time in decades.

As many of you know, I’m again participating in the Habitat 500 bicycle ride to raise money for Habitat for Humanity. Like many other activities, the ride organizers had to re-imagine their event—in this case a multi-day tour where participants ordinarily eat meals shoulder-to-shoulder and sleep in close proximity to one another on school gymnasium floors. The solution became a “virtual” Habitat 500, where riders each cover 500 miles at their own pace closer to home. In some ways this makes the miles easier, but the challenge is still daunting—and the hard part is that there aren’t hundreds of other bicyclists sharing the joys and struggles of the open road. As I write this in the last week of August, I am over halfway to my 500-mile goal, but hopefully September will bring some milder weather in which to cross the virtual finish line. Thank you very much to all who donated toward my ride—and more specifically toward Habitat for Humanity of Martin and Faribault Counties. Through your support there is great work being done here in Fairmont and throughout Southern MN!!

Of course, the topic of conversation among church members throughout the country continues to be whether or not they have resumed in-person worship services. The answer to that at First Congregational United Church of Christ is finally, “YES.” This is now an option for those who feel comfortable being in a congregational setting, but it is not the only option. We have had very good “attendance” by alternate means throughout the COVID-19 restrictions, so we plan for those online and cable options to continue and even improve. In fact, new online streaming hardware/software has recently been added to our existing HD camera system that will soon allow even our Facebook Live viewers to experience a much better quality picture and sound than the cellphone video format that Ellen has done such a good and faithful job sharing. I couldn’t have kept services going without her!

Nothing is constant but change, and despite (or because of) our coronavirus separation this spring and summer, other changes are also happening at First Congregational UCC. MRCI (Managed Resource Connections, Inc.) has provided custodial services to our church for a number of years, as well as valuable training and employment for many community members with disabilities. But the restrictions brought on by the pandemic, and the resulting economic impacts, have caused a restructuring of MRCI’s operations and a closure of their Fairmont facility. We muddled through for several months without much vacuuming, mopping, or dusting since no one was in the church building, but now we have hired the cleaning services of Jill Houge to again keep the building in tip-top shape. If you happen to stop by during the week, greet Jill—if you can catch up with her!

Our Assistant Treasurer of several years, Jodi Kuhlert, has also resigned to have more time to spend with her grandchildren and soon-to-be-retired husband. While Jodi’s work behind the scenes is something many probably take for granted, without her efficiency and attention to detail, the church’s bills would be a mess. We owe her a big THANK YOU! One of the joys of a small town is that family connections are everywhere, and we are blessed to announce that Jodi’s daughter, Dara Bliesmer, has agreed to step into the Assistant Treasurer position. Dara has subbed for her mom in the past, and brings an accounting and business background that is sure to make the transition seamless. Welcome Dara!

Updates and changes are also underway in our Christian Education program—including some great refreshing of the upstairs classrooms by our hardworking CE Board members—so stay tuned here in the newsletter and in upcoming email, and be sure to “like” our new Sunday School Facebook page:

ATTENDANCE

Names of all in attendance will be recorded each Sunday. This contact tracking is necessary in case we become aware of a coronavirus case within the congregation and need to inform you of possible exposure.

CAPACITY

Percentage of total church occupancy is not an accurate method of determining safe seating capacity for worship services. Physical distance of at least 6' between individuals/family groups will be maintained when in the church building. To maintain this distance:

- There are 12 pews available on the main floor, with one empty row between to ensure proper physical distancing between congregants.
- Seating estimates allow for a maximum of one couple on each end of a pew. Total will generally be 4 per pew, unless part of a larger family unit.
- 4 pews are also available in the balcony with same physical distancing restrictions as the main floor.

GREETERS

Greeters will meet people at the front and alley doors (original north entrance is closed) to ensure that everyone has, or is provided, a mask and uses hand sanitizer upon entering. Greeters will also ensure names of those in attendance are recorded as stipulated in "attendance" above.

USHERS

Ushers will show people to appropriately spaced seating. Please follow the usher's directions and avoid congregating in church common areas.

At the end of the service the ushers will dismiss the congregation by rows. Please exit the church as you are dismissed and avoid congregating in church common areas. Socializing can be done outside at a safe distance.

CHANGES TO THE WORSHIP EXPERIENCE

- No congregational or choir singing. Special music will still be provided.
- Offering plates are not being passed. Place offering in plates provided in the Narthex.
- Communion is still planned on the first Sunday of each month. Safe methods for distribution will be explained during the service.

SANITIZATION

Sanitizing will be done after services. Please refrain from entering any areas that have been taped off.

INTERVIEW

with Dave Wallien on July 30, 2020

Dave grew up in Montevideo and was very active in school and the community at large. He worked after school hours at J. C. Penney Shoe Store. During the summers, he continued to work at Penney's. The local Shoe Store--Frisholm's--hired him away from Penney's where he worked several years until the owner passed away. The owner's wife wanted Dave to have the store. He had a silent partner (who owned a store in Hutchinson). He managed the store until 1969 when he bought Braun's Shoe Store in Fairmont.

Over the years in Montevideo he participated in the school Orchestra, Chorus, Quartet, & Pep Squad Singers. He was a part of a barbershop and was happy to have been paid! He was part of Kiwanis while there. He served in the U.S. Army from 1948-1952 serving stateside during the Korean War.

Over the years in Montevideo he served on the City Council, Treasurer of the biggest church, was President of the PTA, was treasurer for the County Red Cross, and was elected to the Masonic Lodge for one year.

In 1969, he owned and operated Braun's Shoe Store for two years. He sold the store in 1971. Then he went on the road selling shoes in Iowa and Nebraska until he retired in 1994. He and his first wife had 2 children: Pam is in Creston, Iowa (who works in health care) and Paul is in Aberdeen, SD (who is a retired RR Engineer).

In 1971, at our church, Rev. Engstrom married Dave & Shirley. Shirley had three daughters: Sherry, Jodie Whitmore, who is a member of our church, and Liz.

At that time, Dave became a member of our church and has sung in our choir. (Overall he has sung in different choirs for more than 75 years!!) He was a member of our Board of Deacons for a number of years and continues to attend services here during the 6 months of summer. During the 6 months of winter, he spends his time in Arizona.

He continues to enjoy daily coffee hours with friends at Hy-Vee here in Fairmont and enjoys Sunday brunch with church friends following our Sunday church services. We miss him during the winter!

Summer is in the rear-view mirror, and as autumn sets in, perhaps some cooler days will have you gathered around a backyard bonfire. Will it be just you, or do you feel like maybe you should finally invite the neighbor you've seen coming and going from a distance all spring/summer? Sure, we're still in a season defined by separation, but how about some carefully-distanced fellowship with someone outside your immediate family? For many of us, it can be tempting to just mind our own business in our neighborhood. But is that really how God wants us to live? Take a few minutes to check out four short sessions of ***The Art of Neighboring*** by Dave Runyon. Here is a brief synopsis:

As followers of Jesus, we've been called to love both God and our neighbors. It's easier said than done, but if we push past the fear, time barriers, and pride that can keep us from engaging with others, we can build deep connections with the people in our neighborhood and, most importantly, please God.

*In this four-session series based on their book *The Art of Neighboring*, Jay Pathak and Dave Runyon help us focus on the people within our neighborhood and learn what it means to be a good neighbor. They discuss the importance of pushing through the uncomfortable feelings that come with communicating, investing in, and caring for the people who live near us. What would our communities look like if we took Jesus's command to love our neighbors as ourselves seriously?*

A new schoolyear is starting in some format, so this is an excellent time to incorporate a quick and fun devotional to your family's daily routine! Kids need heroes now more than ever, so encourage them to look in the BIBLE instead of other questionable sources! **5-MINUTE FAMILY DEVOTIONAL—OLD TESTAMENT HEROES** (as the title implies) is a 25-session series of short, 3-5-minute animated videos that can inspire further conversation at your house. Check out the description here:

We can learn so much from the heroes of the Bible! Some of them are unlikely heroes—ordinary people who God uses in extraordinary ways to move forward his great plan. This video devotional plan will uncover some of your favorite Bible characters and encourage you to see how God worked through them—and think about how God is working through you!

Have you tried out either of **rightnow MEDIA's** two new viewing/listening options? **Audio-only** is great for those who already enjoy listening to podcasts or audio books on their smart phones, allowing you to listen without having video playing; you can even turn off your screen altogether and put your phone in your pocket or a hands-free device in your car. If being alone is getting a little old for you, a **virtual watch group** allows you and a group of **rightnow MEDIA** users to watch the same video together and have conversations about it through an on-screen chat function. One person can invite others to join by sending a group link through email, social media, or a text message, and then play, pause, and rewind videos for the entire group. **This is currently available only on a computer, but a mobile option is in the works.*

During the last four weeks, \$22,663.22 (15.11%) worth of Hy-Vee slips were turned in. After only 38 weeks, Hy-Vee is at \$122,439.67 (81.63%) toward the 12th \$150,000 goal which may be reached in November 2020. During the same four weeks, \$4,657.11 (3.10%) worth of Fareway slips were received. After 98 weeks, Fareway is at \$110,511.27 (73.67%) toward our 3rd \$1,000 from Fareway Store. Based on history, it will be June of 2021 before the goal is reached. Thanks for bringing in or even mailing them to me. Remember this program started the first of March 2011, so any slips from then until now can be used. Any Fareway and Hy-Vee food store register slip can be used. Even slips from Hy-Vee Gas, Coffee Shop, Food Service, and Pharmacy help us toward the goal.
