NATIONAL PASTIME - Next Generation+ -- 2022 Card Set

The nicknames in this set are from The Players MLB records. If none on MLB, they come from various places.

The 9 players listed are those players who played the most at each position of any other players on the team. These players are listed in a suggested batting lineup order.

NOTE: Shohei Ohtani was placed in the Los Angeles (JC) lineup above twice because he plays extensively at dh and pitcher. Also, in the card set, Simeon Woods Richardson (Min) is at the very bottom of the set.

The next section of names on each team are the starting pitchers listed by batters faced (descending order).

The next section are relievers. Usually the "closer" is listed first and then other relievers by batters faced (descending order).

The next section is a list of all other pitchers on the team listed alphabetically but with a designation such as (S)tarter, (R)eliever or (B)oth. These are in alphabetical order.

The last section of player names is made up of the remaining position players, dh's, pinch-hitters and runners. They are in alphabetical order.

At times you may notice that the same player is included with more than one team. Each player is carded for each team played for during the season. And, the player is rated based, of course, on the stats accumulated while playing for the team for which the card is listed and created.

Special Base Stealing in this set:

Billy Hamilton (Mia), Terrance Gore (NYM) and Deven Marrero (NYM)

**Richie Martin (Bal), Zack Short (Det), Dairon Blanco (KCR), Freddie Fermin (KCR), Adalberto Mondesi (KCR)
Magneuris Sierra (LAA), Bill Hamilton (Min), Tim Locastro (NYY) and Miles Mastrobuoni (TBR)**

Catchers who also pitched during the season (usually have "LS" on card where you normally expect the "PB" rating):

Special Base Stealing Instructions

For the above player(s) ONLY, the manager must call the **base stealing attempt**. Roll the dice and using the player card under the line "Special Base Stealing", determine whether the runner is safe or out. Use the same chances when attempting to steal second OR third. The attempted steal of home is NOT allowed using this method. (Attempting a steal of 2nd, 3rd or Home IS allowed using the manager called base stealing in the NPNG+ board game AND The Board Reader.

If the runner is out and the attempt was at second, use the usual out scoring: If a right-handed batter (RHB), the caught stealing is scored **A-C PO-2B**; otherwise **A-C PO-SS**. If the caught stealing is at third, of course, the scoring would be **A-C PO-3B**.
