

April 21, 2020 – 8:30AM update

Dear Super 60 Coaches & GMs

We send our best wishes for everyone to continue to stay safe during these tough times! As of our April 20th update from the City of New Orleans & State of Louisiana EMS & HHS leaders, we are on lockdown until May 15th here in the city & state. Speaking with folks we know who work in both city & state government, it is their belief that a very limited “re-opening” will be issued around late May. As such, we will not be able to keep our original dates of May 23-25. We have secured the only open weekend for our main venue and will move the Super 60 to June 20-21. If we cannot go on these dates for any health/reopening reasons, we will have to cancel the Super 60 event for 2020. We had 260+ teams registered as of late March. We have heard from about 30 teams that they have folded for the 2020 season. We are asking the remaining registered teams to please let us know if the new June dates will fit into your schedule and or team allowance. Additionally, any registered team that wishes to cancel for 2020 and receive your entry fee refund, please let us know by May 1st so we can get that processed and get a count of teams still wishing to participate so we can get all teams another update on May 5th. We will update our website as we get more info, as well as send an email to all of our 230+ still registered teams. As of today (April 21st) our plans are to still hold our event June 20-21. Nobody can know for sure how the Covid-19 event will evolve, but our hope is that current plans will contain the spread & help us return to some type of safety & normalcy. Thanks much & please stay safe - Super 60 Staff
