

Miss Dawn's Class News

"If anyone is in Christ, he is a new creation; the old has gone, the new has come!"

2 Corinthians 5:17

It is hard to believe that March is here and we only have a few months left! Time does fly when you're having fun. Thank you to all of the parents who donated healthy snacks during the month of February.

We will kick off the month of March with our Open House and school spirit week, the children love participating in the fun days that lie ahead. Our dramatic play will be changed over to The Imagination Station which will consist of a train table, a Lego table, a light table and lots more for your child to explore.

In honor of Dr. Seuss's birthday we will be reading stories written by Dr. Seuss and our art will be based on some of his famous books. The children will also be able to dress up like Dr. Seuss characters in our dramatic play. We will also continue working on rhyming words at carpet time. This is a fun activity you can do with your child at home or while driving in the car. It sounds easy but for children it is not that simple. Rhyming is an important pre-reading skill that reaps benefits later on.

The children will continue learning to recognize and print their first and last names. I have made letter rings for children to practice at home and at school, as your child masters these letters more will be added (please remember to keep them in their book bag so we can also use them at school). I hope this helps get them kindergarten ready. Last month we practiced learning our Birthdays which the children did really well. This month I would like for your child to learn their address so please practice this at home. If your address has changed since the beginning of the year please send a note in your child's book bag with the correct address, also contact the school office if you have not done that yet.

In science this month we will be cooking green eggs and ham, learning about weight and measurement along with things that are magnetic and non-magnetic. In our sensory table the children will explore sand and shaving cream.

In our handwriting book the children will work on the letters D, B and R. In math we will focus on recognizing our teen numbers; I have noticed quite a few students need help with this.

We look forward to a great month and a relaxing Spring break! Be safe and God Bless.

See you at the pancake breakfast at Applebee's - I look forward to serving you and your children!

Miss Dawn and Miss Jill
