| 7 - Dave Wilson | 8 - Jack & Kathy Allison |
| 9 - Jim & Kay Lisiecki | 10 - Rick & Laurie Leeper |
| 11 - Tommy & Betty Webb | |

2. Meeting called to order by the President at 7:01 PM

- A. Dave started the January COTO meeting at 7:01 pm with 20 members present.
- B. Dave talked briefly about the memorial for Nick Trail which would be held at 12:00 pm Saturday the 21st at the Elks Lodge. He urged everyone to attend. He spoke of what a great person Nick was and mentioned that he had held several positions within the club over time. Nick will be greatly missed. He also asked if the club wanted to make a memorial donation as a club. Frank Midkiff made a motion to contribute \$100.00 as a club. The motion was seconded and was approved by a majority vote.
- C. Dave mentioned the 2017 dues are now due. If needed dues can be mailed to P.O. Box 191.
- D. Dave also urged us to update all contact information such as address and email. Phone numbers aren't required but would be appreciated.

3. COTO's Treasurer Report

- A. Polly Wilson was unable to attend the meeting. Dave stated that there would be no need in reporting the balance each month. As long as we are solvent all is good.**

4. COTO's Secretary Report

- A. No report given**

5. COTO'S President : Old Business

- A. Club Logo – Kink has prepared two separate drawings with a C-6 silhouette. We need to decide which one we want to use. It looks like there may be a copyright infringement because of the flag at the print shop we used to use. Will need to look for another printer. We can get t-shirts with the new logo for around \$13.00 each. Kink is checking to see if they have color and texture samples to present at the next meeting, At that time we can discuss color for shirts and make sure the quality is good. Jim Lisiecki made a motion to change the club's logo. Frank Midkiff seconded the motion.**

- a. Rick Leeper suggested that we have stickers made to put on our cars indentifying us as members of Corvettes Of The Ozarks. More discussion at the next meeting.**
- b. Tommy Webb asked if we could have our names printed on the shirts. The club can't provide names but anyone can get a shirt on their own and have the logo and your name put on it.**

- B. Website: The president will continue to update the website himself.**

- C. At one point name tags were mentioned by Meg. Dave will check with her about her thoughts on those.**

6. COTO'S President: New Business

- A. Business Cards – Jack Allison made a motion to get new cards. The majority seconded the motion.**

- B. April through October are our cruise months. Email Dave to volunteer to lead a cruise. You don't have to know where you are taking us, just volunteer and you can decide later.**
- a. We discussed the possibility of an overnight cruise. It sounded like everyone was for that.**
- C. Spring Hill Press has contacted Dave about buying an ad that would be presented on the back of the county map. The cost would be \$395.00. Teresa Bell stated that you have to be careful with some of those solicitors as the quality is not good sometimes. Deb Mitchell stated that we could get a free ad from KTLO. Kink made a motion to deny the ad purchase. The majority seconded the motion.**
- D. Jim Lisiecki made a suggestion in reference to our cruises. He wondered if the weather was bad on cruise day if we could still go but take our regular vehicles instead of our fun cars. Dave suggested that rather than do that we could go on Saturday instead of Sunday. If the weather is bad both days we could reschedule for the next weekend. If the weather is still bad then we could at that time take a different vehicle.**
- a. Frank Midkiff suggested that we could also think about cruising on a week day instead most of us are retired.**
- b. Please pick a date if you sign up for a cruise.**
- E. When there is inclement weather there is no penalty for leaving that corvette at home.**

50/50 DRAWING

Susie Allen was the big winner. Congratulations Susie!!

Meeting was adjourned at 7:29

Next meeting will be February 16 at 6:00

See you all then
