

Join us for a Montessori Curriculum Night presentation

Thursday, October 19th from 7:00pm to 8:30pm

The general public is welcome to attend an overview presentation with examples of Montessori lessons and materials at Sunrise Montessori School.

Discover the importance of the hands-on approach that Montessori provides during this very important period in early childhood development and learn how Montessori materials contribute to your child's social, emotional and cognitive growth.

Sunrise Montessori School, Inc.

(a nonprofit, 501c3 organization)

31 Hayward St. Franklin, MA 02038

Karen Roeber, Director

Please note this presentation is for parents only.

Our Montessori curriculum includes:

Practical Life Exercises for promoting large and small muscle coordination, concentration and persistence to complete a work cycle.

Sensorial Exercises for refining sense perceptions and relating basic space and dimensional relationships.

Language Exercises for vocabulary development, phonetics leading to reading, prewriting, writing skills and basic grammar.

Mathematics Exercises for concrete representations of quantity and operational functions.

Science Exercises for introducing basic scientific procedures in problem solving, hands-on exploration of the processes and materials in nature.

Geography Exercises for presenting land forms and countries using clay, water and puzzle maps, etc... Cultural awareness is celebrated with food, dance and song.

Grace & Courtesy Exercises to support the child's development and awareness of their peers, teachers, family and their environment.
