

Ms. Curtisha

Curtisha attended art school for all elementary, middle, and high school. Her love for dance, however, didn't spark until she was in the 6th grade. From that point through the 12th grade, she attended Manatee School for the Arts, where she trained in Tap, Jazz, Modern, Ballroom, Choreography, and Hip-Hop. During her senior year, she joined the school dance team (MSA Heat) and was voted "best choreographer" at the end of the season. She continued her training in Diversity of Dance while earning her Associate's in Social Science at State College of Florida. At that time, she was also a part of a competitive dance team (KC and the Sunshine Dancers) that focused primarily on Contemporary, Jazz, and Hip Hop techniques and performance. Curtisha later attended UCF, where she earned a Bachelor's in Interdisciplinary Studies, with focus areas in the arts and letters and modern languages, a minor in psychology, and a certificate in entrepreneurship. She currently continues her Hip Hop training through recreational dance classes and conventions.
