

November 2021

Apple Tree Prep-Athens

Dear ATP Parents,

It was fun seeing all of our students in their Halloween costumes! The children enjoyed trick-or-treating inside and getting candy.

Last month, the students enjoyed learning about Fire Safety Week, World Space Week, Nocturnal & Diurnal Animals week. The students were so excited about Michael Kohl-a Red Apple's dad sharing some animals with them for this week's study! The students enjoyed creating a heart for the "Breast Cancer Awareness" wall. Thanks for your assistance and support as we honored survivors and remembered those who have fought this battle. This month, the classes will discuss their five senses and focus on the changes that occur with the weather, Native Americans, Pilgrims, as well as the importance of being thankful and giving thanks.

November is a month where we reflect on the things that we are thankful for. At Apple Tree Prep-Athens, we are thankful to have your family as a part of the Apple Tree Prep family.

With gratitude and thankfulness,

Admin

Thanksgiving Luncheon

This year our Thanksgiving Luncheon will be a little different. It will be held within each individual classroom and only students will have the ability to attend. The main food will be prepared by our wonderful cook, Ms. Latrice. We will place a sign-up sheet outside of each classroom for paper products and desserts Thank you in advance for understanding.

Upcoming Events

November 6

At midnight, don't forget to set your clocks back an hour!

November 19

Thanksgiving Feast
