DATE: May 24, 2010

The Members of the School Board and administration have always tried to work closely with school district support groups because they recognize that the revenue raised by these organizations benefits the students.

The guidelines listed below provide further support for your organizations particularly in relation to the implementation of Policy #707, Use of Facilities.

1. Each group will be granted four (4) events throughout the school year in which custodial time will not be charged to them. Security, specialist (such as sound systems person, special lightning, etc.) costs are the responsibility of the group. The kitchen is not included and will be billed separately unless a cafeteria employee volunteers coverage.
2. The district reserves the right to charge the custodial fee when a custodian is pulled away from his/her normal duties or extra custodians are required due to the activity.
3. The district reserves the right to charge for time to move furniture (i.e. tables) from another building or time for special set-up,

Pre-approval by the building principal and Director of Planning, Operations and Facilities is required for the following options:

1. If the district can shift a custodian to Saturday daytime from one of the nighttime positions, then the facility can be used without any custodial charge.
2. If there is an administrator or staff member who can open and secure the building prior to, and/or at the end of the Saturday activity, there will be no charge for custodial time. Clean-up is the responsibility of the organization.

However, if none of the above are available and you have exceeded the four (4) events, the district will have to charge the Parent Teacher Associations, Home & School Leagues, Home & School Association, Booster Club, Music Association or Educational Foundation for custodial overtime.
