PVL Laniakea is Hawaiian for immense heaven, open skies, or wide horizons. It is appropriate because the sky is the limit for this juvenile female. Her sire MGF Catch a Wave is one of the most exotic and correct males that I have seen. He passed along his coverage, fleece and impressive style onto Laniakea. Her dam PVL Layla has produced an LFA Futurity winner, and she will be stalled with her maternal sister showing the following day. If you are looking for an exciting female with incredible stretch, topline, conformation and pedigree look no further than Laniakea. There is great power and consistency throughout her pedigree.
