

## Inspire Generation's Insurance

Inspire Generation's 2018-2019 events season is insured with the following provider:  
Hencilla Canworth Limited, Simpson House, 6 Cherry Orchard Road,  
Croydon, Surrey CR9 6AZ

*Inspire Generation are fully insured to operate under the following conditions:*

*Sound Technician, Lighting Technician, AV Technician, Stage Hand, Construction Manager as well as other aspects involved in running sound, light and or stage for any type of public or private event safely up to a height of 5m and when following their own risk assessment in accordance with the contractual agreement with the client (event organiser).*

*Inspire Generation have £5million Public Liability Insurance for sound, light and or stage events*

*This is a substantial cover level for this type of work and is industry standard cover for PLI. This is not to be compared to other lower level PLI covers such as cheaply priced DJ cover. Our £5million PLI cover is for professional work within the sound, light and stage building industry as opposed to that of an entertainer. An events organiser will still need to have their own PLI for their event as our cover is only for our services.*

*Inspire Generation have products and contents insurance for anywhere in the U.K.*

*Inspire Generation have their own contents insurance and this includes item cover for anywhere in the U.K. on any site deemed safe but this is in accordance with the contractual agreement and Inspire Generation are not a predominantly a 'dry hire' company but if choosing to dry hire this should not be an insurance premium cost but a cost and responsibility held solely by the client who has hired the equipment.*

*Inspire Generation have £10million Employability Liability Insurance*

*Inspire Generation sub-contracts member of technical teams and or other types of professionals for some of its work and although those workers will have their own insurances and are not on PAYE, they will be covered by law for Inspire Generation's events by our employability liability insurance cover which is up to £10million.*
