

SECTION D. GEOGRAPHIC AREA SERVED

This section should include an area map that shows the Corporation's Certificated Service Area. Therefore, the Corporation must make sure that its current service area corresponds to the area and/or facilities as approved by the PUC in its Certificate of Convenience and Necessity. **It is the responsibility of the Corporation to properly file a map showing its service area with the PUC and to file for any changes in that service area. This copy of the Commission's official service map will serve as documentation in the event of future disputes over service areas.**
