

CASCADE HALF MARATHON

Sunday, January 15, 2012

Cascade Middle School - Turner, Oregon

Half Marathon / 10K / 2M

NOTE ON RESULTS: Places are listed based on "GunTime," per USATF Road Racing Rule 245 - essentially, a race begins when a starting implement signals the beginning of the event, and finishes when participants cross the finish line (the ruling is listed at the bottom of results for reference. A "ChipTime" or "NetTime" is a convenience for participants to see their actual elapsed time, but are not used for overall or age group placings. Times are also displayed as rounded up to the next second, per USATF road racing rules.

NOTE ON RESULTS DISPLAYED BELOW: This event had three "heats" per se (8:00am, 8:30am and 9:00am) - the heat where participants started is shown in the results. A participant's "Start" is calculated from the time a starting implement signals the starts of the race, to the time when a participant crosses the starting mat - this time is rounded to the next second. There are two columns with pace per mile displayed - one, for the net time, and one for the gun time. Some participants are shown without net times and paces, due to: not wearing the timing chip, starting a long time after the starting mats were removed, not running over the starting mats, wearing the timing chip on the hat or in the pocket, or having a timing chip come off during the event, due to incorrect attachment.

Half Marathon Overall Results

USATF RULE 245 FINISH LINE RECORDING AND TIMING

- 1. Officials at the finish should record each number as the athlete completes the race, along with the athlete's finish time. The order in which the athletes cross the finish line will be the official finish position.**

- 2. The timers shall start their watches or timing devices at the flash/smoke of the pistol or approved apparatus or at the first moment a competitor crosses the start line, whichever happens first. False starts in road races should not be recalled.**

- 3. The official time shall be the time elapsed between the start of the watches or timing devices resulting from an appropriate start signal and when the athlete reaching the finish line. The actual time elapsed between when an athlete reaching the starting line and finish line can be made known to the athlete, but will not be considered as official time.**
