

GRIZZLY MTB / CROSS / FAT Bike Marathon & Relay

Canmore Nordic Centre - Sunday, July 21, 2019

We are very excited to announce a new and unique format for this year's event. We are opening up the race to allow for all types of bikes including mountain, cross, gravel and fat varieties. E-bikes are the only type strictly prohibited for obvious reasons ;)

Riders can even bring more than one bike and switch bike type between laps to optimize racing their racing strategy.

The event will start with one mass start with all participants riding the exact same 9km lap course. Results and awards will be based on one overall classification. i.e. we will not be offering separate awards / results for different bike types.

We can't wait to celebrate the diversity of different cycling cultures which have developed in recent years.
