TRAINING

Career Planning Begins with Assessment: A Guide for Professionals Serving Youth with Educational and Career Development Challenges

To successfully make the transition from school to adult life and the world of work, adolescents and young adults need guidance and encouragement from caring, supportive adults. The best decisions and choices made by transitioning youth are based on sound information including appropriate assessments that focus on the talents, knowledge, skills, interests, values, and aptitudes of each individual. This guide serves as a resource for multiple audiences within the workforce development system.

A CREDO FOR SUPPORT: DON'T SEE MY DISABILITY AS THE PROBLEM

Posted by [Tim Villegas](#)

Throughout history, people with physical and mental disabilities have been abandoned at birth, banished from society, used as court jesters, drowned and burned during the inquisition, gassed in Nazi Germany, and continue to be segregated, institutionalized, tortured in the name of behavior management, abused, raped, euthanized, and murdered.

Now, for the first time, people with disabilities are taking their rightful place as fully contributing citizens.

The danger is that we will respond with remediation and benevolence rather than equity and respect. And so, we offer you “a CREDO FOR SUPPORT”.

INDEPENDENT LIVING SKILLS

Living on Your Own : An Independent Living Simulation: Activity Text by [Jean Bunnell](#)

Living on Your Own helps your students experience independent living all in the safety and comfort of the classroom. They'll get

acquainted with the new towns they're living in, then find jobs, learn about the public transportation system, find housing, make budgets, and pay for food and utilities. Each easy-to-read-and-understand activity features daily lesson plans, reproducibles, and answer keys. The program occupies 12 weeks, but the pace can be modified so the activities can be conducted at an appropriate rate for your students. <https://goo.gl/mjTR8T>
