### Pond People

By Kim Whitehead

In case you aren't aware we have a phenomenon called Pond People. You don't need to be afraid as they aren't as scary as they sound. Yes, they can move a bit faster than zombies, but don't worry they are only out cleaning our ponds and making them look beautiful.

help keep our park looking beautiful. Thanks and if you are in the park and see Rick be sure to thank him for all his hard work.

If you know of someone who deserves to be recognized please send your nomination to [ltrvcascade@gmail.com](mailto:ltrvcascade@gmail.com)

## In the Spotlight

by Kim Whitehead

We would like to take a moment to thank Rick Dolan for taking time out while enjoying the park to help clean up the ponds. It is our wonderful volunteers that

### THOUGHT OF THE DAY

- Who tastes dog food when it has a 'new & improved' flavor?

Do you have a grandchild; pet or other photo you would like to share? If so send the picture to [ltrvcascade@gmail.com](mailto:ltrvcascade@gmail.com)

Board Member Fred McKennon along with other volunteers helped with cleaning the ponds. He also took time to spray the new enclosure that was built for the pond pump area. Thanks Fred

Ron Bubb's memorial bench was redone.

Working on the pump begins

Pump Completed and waterfall work in progress

## Keep an eye out

We have hit the time of year when the park starts quieting down and we will receive many 4 legged visitors. If you have pets, please keep this in mind for their safety. Skunks aren't a good mix when they come in contact with a curious dog or cat.

For all those friends who are leaving the park and heading to other areas. Drive safe and see you next year.

## Editor's Note

Once again summer has come and gone in the blink of an eye. It is hard to believe that fall is just around the corner and before we know it Christmas will be here. At this time of year, the newsletter will be less frequent. The next planned newsletter will come out around mid-November. (This would be a great time to send in pictures of any trips you might take.)

We finally got the house done that we have been working on. It only took about a month longer than what I had anticipated. This is probably due to the speed that my husband works. Mostly slow or reverse. It definitely wouldn't be my fault. I could work faster but he has a tendency to slow me down. Seriously though we are both glad that this chapter of our life is nearing the end so that we can begin to focus on other things. Although some of the things are good and some are not so good, it will be nice to move beyond the house. I have found that watching shows of houses being remodeled is a lot more enjoyable than actually doing it. So of course we won't be taking this up as a hobby. Hobbies are meant to make you happy. By the end of the work neither one of us were overly happy.

During our time working on the house we heard that our dear neighbor in Cascade, Cathy Allen passed away. She will be missed and life in Cascade won't be quite the same. I remember getting to sit down with her this summer, having a drink and catching up. I will miss that. My condolences to her family and friends.

Kim Whitehead, Editor

I just got my vehicle tuned up at Complete Auto Repair in Boise, Idaho.
