NOTICE

The Municipal Act, 2001 permits the Township of James to adopt procedures, including procedures for giving notice of the passage of by-laws.

The Township of James has adopted By-Law 03-01 for giving notice of the passage of by-laws as well as Procedural By-Law 04-01 governing the procedure for matters coming before Council.

The Township passed By-Law 20-08 for the purpose of acknowledging the existence of a public highway along its travelled path in order to, among other things, control a public danger.

The Township will consider amending By-Law 20-08 at the October 14th, 2021 Regular Council Meeting and will accept public submissions at that time.

Staff is recommending that the Township amend the By-Law to include the following provision:

An amendment to By-Law 20-08 to include reference to, and reliance upon, the 5% reserve in the letters patent that permits the creation of a public highway.

Anyone who wishes to make written or oral submissions with respect to By-Law 20-08 or the amendments to that by-law will be considered by Council at that time.

For additional information, please contact Myrna Hayes, Clerk/Treasurer at the above address.

Myrna Hayes, Clerk/Treasurer
